NAME OF PESTICIDE PRODUCT

Aqua Clear Algae Eliminator

NOTICE OF PESTICIDE: ☒ REGISTRATION
☐ REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Aqua Clear Industries, Inc.
Box 5430
Albany, NY 12205

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the following label changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 45309-80."
- b. Within the "Precautionary Statements" section, revise the "First Aid" to read; "Statement of Practical Treatment (First Aid)" on front panel.

3. Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

-2-

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Walter C. Francis
Acting Product Manager (32)
Antimicrobial Program Branch
Registration Division (7505C)

PRECAUTIONARY STATEMENTS
KEEP OUT OF REACH OF CHILDREN
CAUTION

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

STORAGE INSTRUCTIONS: Store in original containers and place in locked storage area. Keep from freezing. Do not contaminate water, food or feed by storage and disposal.

SPILL OR LEAK PROCEDURE: Small spills may be mopped up or flushed away with water or absorbed on some absorbent material and incinerated.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty container (bottle, can, jar). Triple rinse thoroughly before discarding in trash.

GENERAL: Consult Federal, State or Local authorities for approved alternative procedures such as limited open burning.

AQUA CLEAR

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.
FIRST AID: If swallowed drink promptly large quantities of water. Do not induce vomiting. Avoid alcohol. Get medical attention.

NET CONTENTS: ONE QUART (946 ml)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Algae Eliminator is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs and decorative fountains. For maximum effectiveness, pools, spas, whirlpools, hot tubs and decorative fountains containing heavy growth of algae should be cleaned prior to using Algae Eliminator.

For pools having just visible algae growth add an initial dose of 18 to 27 fluid ounces of Algae Eliminator per 10,000 gallons of water and remove settled debris by cleaning. For treatment of freshly cleaned and filled pools add initially 10 to 18 fluid ounces of Algae Eliminator per 10,000 gallons of water. Subsequent additions of 3.5 to 7 fluid ounces of Algae Eliminator per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs and decorative fountains having just visible algae growth require an initial dose of 2 to 3 fluid ounces of Algae Eliminator per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub or decorative fountain, add initially 1 to 2 fluid ounces of Algae Eliminator per 1,000 gallons of water. Subsequent additions of 0.4 to 1 fluid ounce of Algae Eliminator should be made every 5 to 7 days after initial treatment for maintenance.

Algae Eliminator is compatible with those chemicals normally used to treat pools, spas and decorative fountains and is effective at both acid and alkaline pH. Algae Eliminator can be used in pools, spas and decorative fountains treated with chlorine chemicals and may reduce the amount of these chemicals normally required. However, do not mix Algae Eliminator with concentrated dry liquid chlorine products.
