SPRING TREAT® ALGICIDE

**FOR CRYSTAL CLEAR WATER WHEN OPENING AND STARTING
ANY TYPE POOL OR SPA FOR THE SEASON**

- KILLS INVISIBLE AND EARLY ALGAE
- PROVIDES INITIAL WATER CONDITIONING
- IMPROVES WATER CLARITY
- PROVIDES AN EASIER TO MAINTAIN POOL OR SPA
- MAY BE USED WITH POOL STAIN TREAT®

INGREDIENTS

Active ingredient	
Sodium bromide	20.8%
Inert ingredients	79.2%
Total	100.0%

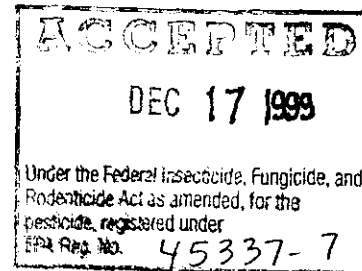

Contains no ingredients that will stain pools or spas.

**KEEP OUT OF REACH OF CHILDREN
DANGER**

See back panel for additional precautionary statements.

Contents: 1 Quart (32 Fluid Ounces)

EPA Reg. No. 45337-7
EPA Est. No. 45337-CA-1

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes burns and substantial but temporary eye injury. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Wear goggles, face shield or safety glasses. Wear protective clothing and rubber gloves. Wash with plenty of soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF IN EYES: Hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Get medical attention.

IF SWALLOWED: Drink promptly a large quantity of water. Do not induce vomiting or give anything by mouth to an unconscious person. Avoid alcohol. Call a physician or poison control center.

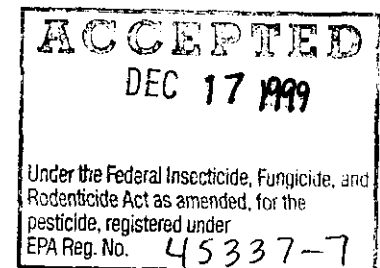

Note to Physicians: Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL AND CHEMICAL HAZARDS

Reducing agent. Avoid breathing dust from this product. Do not allow this product to come in contact with acids or oxidizing agents under conditions other than as described in the directions for use. Add this product to water only. Negligent mixing of this product with acids or oxidizing agents may cause the release of poisonous, corrosive hydrogen bromide or bromine gas.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with labeling. Always add Spring Treat® directly to pool or spa. Spring Treat® kills invisible and early algae, provides initial water conditioning, improves water clarity, and provides an easier to maintain pool or spa.

FOR CRYSTAL CLEAR WATER WHEN OPENING AND STARTING FOR THE SEASON POOLS AND SPAS TREATED WITH CHLORINATING OR BROMINATING PRODUCTS:

STEP 1: For swimming pools: Add 20 fluid ounces of *Spring Treat®* per 10,000 gallons of pool water.

For spas: Add 1 fluid ounce of *Spring Treat®* per 500 gallons spa water.

STEP 2: Independent of the chlorine level, immediately add liquid or dry chlorinating product for super-chlorination. Use the recommended dosage rate for super-chlorination from the label of an EPA-registered chlorine product.

STEP 3: Before swimming, use test kit for measuring chlorine levels, as directed on your chlorinating product label. Do not enter water or swim until the chlorine residual drops to 3 ppm.

STEP 4: Chlorinate pool or spa continuously with any of the available chlorinating products. Allow chlorine test to stand five minutes before reading to get a full chlorine test. Use OTO (yellow test) when testing for chlorine or bromine.

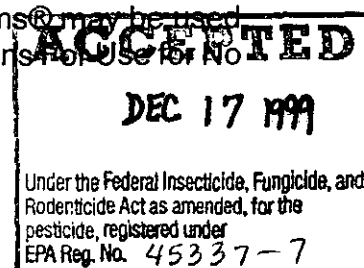

STEP 5: To maintain crystal clear water, *No Mor Problems®* may be used in conjunction with chlorine or bromine. To prevent staining by minerals, *Pool Stain Treat®* may be used. Follow the Directions For Use for each product. Maintain the chlorine or bromine level recommended on the chlorinating or brominating product label.

FOR CRYSTAL CLEAR WATER WHEN OPENING AND STARTING FOR THE SEASON POOLS AND SPAS TREATED WITH BIGUANIDE, BAQUACIL OR SOFTSWIM:

STEP 1: Add 32 fluid ounces of *Spring Treat®* per 15,000 gallons of pool or spa water.

STEP 2: Add 1 gallon of sodium peroxide per 15,000 gallons of water.

To prevent of algae and to maintain crystal clear water, *No Mor Problems®* may be used in conjunction with Biguanide, Baquacil, or Softswim. Follow the Directions For Use for No

4044

Mor Problems. Maintain the hydrogen peroxide level recommended on the Biguanide, Baquacil, or Softswim label.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by the use, storage or disposal of this product.

STORAGE: Store in a dry, well ventilated area out of the reach of children and away from oxidizers. Keep container closed when not in use.

DISPOSAL:

Pesticide Disposal

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal

Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.
