Application for Pesticide - Section I

1. Company/Product Number 45337-10	2. EPA Product Manager Ruth Douglas	3. Proposed Classification <input type="checkbox"/> None <input type="checkbox"/> Restricted
4. Company/Product (Name) Take Out Algicide	PM# 32	
5. Name and Address of Applicant (Include ZIP Code) United Chemical Corporation P.O. Box 429 3741 E. Telegraph Road Piru, CA 93040 <input type="checkbox"/> Check if this is a new address	6. Expedited Review. In accordance with FIFRA Section 3(c)(3) (b)(i), my product is similar or identical in composition and labeling to: EPA Reg. No. _____ Product Name _____	

Section - II

<input type="checkbox"/> Amendment - Explain below.	<input type="checkbox"/> Final printed labels in response to Agency letter dated _____
<input type="checkbox"/> Resubmission in response to Agency letter dated _____	<input type="checkbox"/> "Me Too" Application.
<input checked="" type="checkbox"/> Notification - Explain below.	<input type="checkbox"/> Other - Explain below.

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Deletion of discharge label statement under the small package exemption provided in PR Notice 95-1, 95-2.

Section - III

1. Material This Product Will Be Packaged In:				2. Type of Container	
Child-Resistant Packaging <input type="checkbox"/> Yes* <input type="checkbox"/> No	Unit Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No	Water Soluble Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No	Metal Plastic Glass Paper Other (Specify) _____		
* Certification must be submitted		If "Yes" Unit Packaging wgt. No. per container	If "Yes" Package wgt. No. per container		
3. Location of Net Contents Information <input type="checkbox"/> Label <input type="checkbox"/> Container		4. Size(s) Retail Container 1 qt.		5. Location of Label Directions <input type="checkbox"/> On Label <input type="checkbox"/> On Labeling accompanying product	
6. Manner in Which Label is Affixed to Product <input type="checkbox"/> Lithograph <input type="checkbox"/> Paper glued <input type="checkbox"/> Stenciled			<input type="checkbox"/> Other _____		

Section - IV

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.)		
Name Cynthia Ann Smith	Title Registration Agent	Telephone No. (Include Area Code) (202) 828-8964
Certification I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.		6. Date Application Received (Stamped) 6/19/95
2. Signature <i>Cynthia Ann Smith</i>	3. Title Registration Agent	
4. Typed Name Cynthia Ann Smith	5. Date June 15, 1995

TAKE OUT® ALGICIDE

**FOR USE IN POOLS AND SPAS TO CONVERT FROM TREATMENT
WITH BIGUANIDE, BAQUACIL OR SOFTSWIM TO TREATMENT
WITH IONIZATION OR CHLORINATING OR BROMINATING
COMPOUNDS**

FOR USE WITH POOL STAIN TREAT® AND NO MOR PROBLEMS®

NO DRAINING NECESSARY

MAY SWIM WHILE CONVERTING THE POOL OR SPA

WATER WILL CLEAN UP TO BE SPARKLING CLEAR

INGREDIENTS

Active ingredient	
Sodium bromide	10.4%
Inert ingredients	<u>89.6%</u>
Total	100.0%

Contains no ingredients that will stain pools or spas.

KEEP OUT OF REACH OF CHILDREN WARNING

See back panel for additional precautionary statements.

Contents: 1 Quart (32 Fluid Ounces)

EPA Reg. No. 45337-10
EPA Est. No. 45337-CA-1

(Back Panel)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING. Avoid contact with eyes. In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritations persists. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Avoid alcohol. Call physician or Poison Control Center.

IF IN EYES: Flush immediately with plenty of cold water for at least 15 minutes and seek medical attention at once.

IF ON SKIN: Flush with plenty of cold water for at least 10-15 minutes. Seek medical attention if irritation persists.

PHYSICAL AND CHEMICAL HAZARDS

Reducing agent. Avoid breathing dust from this product. Do not allow this product to come in contact with acids or oxidizing agents under conditions other than as described in the directions for use. Add this product to water only. Negligent mixing of this product with acids or oxidizing agents may cause the release of poisonous, corrosive hydrogen bromide or bromine gas.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. ~~Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.~~

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with labeling. Always add Take Out® directly to pool or spa.

TO CONVERT POOLS AND SPAS FROM TREATMENT WITH BIGUANIDE, BAQUACIL OR SOFTSWIM TO IONIZATION TREATMENT OR TREATMENT WITH CHLORINATING OR BROMINATING COMPOUNDS:

- STEP 1: Add 2 pounds Pool Stain Treat® per 15,000 gallons of pool or spa water. Ignore Step 2 of the Pool Stain Treat® Directions for Use; follow all other Directions for Use. Pool Stain Treat® may be added with or without the pump running.
- STEP 2: Add 32 fluid ounces Take Out® per 15,000 gallons of water.
- STEP 3: Introduce chlorinating component to pool or spa system. Follow the use instructions on the label of an EPA registered chlorinating product (such as trichloro-s-triazinetrione or sodium hypochlorite). Maintain no more than a 0.3 ppm chlorine or bromine residual.
- STEP 4: Once each week:
- A. Make sure there is still chlorine feeding the pool, one tablet at a time (0.3 ppm or less) per 20,000 gallons water.
 - B. Add No Mor Problems® (EPA Reg. No. 45337-11) as described in the Directions for Use for maintenance treatments on the label for No Mor Problems®.
 - C. Check the biguanide, Baquacil or Softswim level.
- STEP 5: When the biguanide, Baquacil or Softswim level drops to 0.0 ppm, increase the chlorine level to 0.5 ppm.
- STEP 6: Fill a clean bucket with approximately 1 gallon of water. Add 1 teaspoon of a chlorine shock treatment product. If the water in the bucket turns color, and go back to Step 3. If the water stays clear, go to Step 7.
- STEP 7: When the biguanide, Baquacil or Softswim level drops to 0.0 ppm at all times for 2-3 weeks, the pool or spa may be maintained using No Mor Problems® in addition to chlorinating or brominating compounds. Follow the Directions for Use for these products.
- NOTE: If pool or spa starts to turn yellow or brown, this indicates a false biguanide reading. Go back to Step 3 for 2-3 more weeks.

Wait 1 hour before entering pool or spa. Observe the required waiting period for the chlorinating or brominating product used with Take Out® if greater than 1 hour.

4

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by the use, storage or disposal of this product.

STORAGE: Store in a dry, well ventilated area out of the reach of children and away from oxidizers. Keep container closed when not in use.

DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
