Subject: Label Amendment – Changes Required by the Inorganic Halides Amended
Interim Registration Review Decision
Product Name: No Mor Problems
EPA Registration Number: 45337-11
Received Date: November 24, 2021
Decision Number: 580350

Dear Nancy Huddy,

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Inorganic Halides Amended Interim Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review

by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Erin Dandridge by phone at 202-566-0635, or via email at dandridge.erin@epa.gov.

Sincerely,

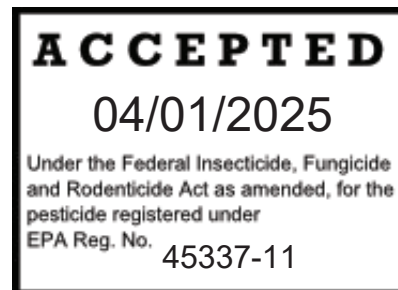

Eric Miederhoff, Branch Chief
Reevaluation Branch
Antimicrobials Division (7510P)
Office of Pesticide Programs

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Always add No Mor Problems® directly to pool or spa water. No Mor Problems® is for the maintenance of clear algae free swimming pool and spa water. If a rescue treatment is needed to control an algae bloom, use Yellow Treat, Pink Treat, Green Treat, or Black Treat according to the directions for use.

This product is not for use in outdoor pools. Outdoor hot tubs and spas must be covered when not in use.

Discharge Directions for Commercial and Residential Pool, Spa, and Hot Tub Uses:

Before draining a treated pool, spa, or hot tub, contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool, spa, or hot tub water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

TO PREVENT THE START OR RETURN OF YELLOW, MUSTARD, PINK, BLACK AND GREEN ALGAE, PINK AND WHITE SLIME, AND PINK AND WHITE WATER MOLD, AND TO PROVIDE YEAR-ROUND CRYSTAL CLEAR WATER IN SWIMMING POOLS AND SPAS TREATED WITH CHLORINATING OR BROMINATING PRODUCTS.

INITIAL TREATMENT: Make initial treatment with No Mor Problems® when starting preventative treatment. For Swimming Pools: For each 5000 gallons pool water, add 3 fluid ounces of No Mor Problems® DIRECTLY to the pool water. For each 5000 gallons pool water, add chlorinating product directly to the pool water. Use the recommended dosage rate for chlorination from the label of an EPA-registered chlorine product. DO NOT DIRECTLY MIX No Mor Problems® WITH THE CHLORINATING PRODUCTS. Before swimming, use test kit for measuring chlorine levels, as directed on your chlorinating product label. Do not enter or swim until the chlorine residual drops to 3 ppm.

Pool Size	AMOUNT No Mor Problems	AMOUNT Chlorine OR Bromine
5,000 gallons	Add 3 ounces	Add ¼ pound or ¼ gallon
10,000 gallons	Add 6 ounces	Add ½ pound or ½ gallon
15,000 gallons	Add 9 ounces	Add ¾ pound or ¾ gallon
20,000 gallons	Add 12 ounces	Add 1 pound or 1 gallon
25,000 gallons	Add 15 ounces	Add 1 ¼ pounds or 1 ¼ gallons

MAINTENANCE TREATMENTS WITH NO MOR PROBLEMS: Use No Mor Problems® when adding chlorinating or brominating products directly to the pool water for pool maintenance. Use the recommended dosage rate from the label of an EPA-registered chlorine or bromine product. Add 5 to 6 fluid ounces of No Mor Problems® per pound (dry) or gallon (liquid) of chlorinating product added. When using Lithium Hypochlorite as a source of chlorine, add 3 fluid ounces of No Mor Problems® per pound of Lithium Hypochlorite. When using chlorine produced by a chlorine generator, use 6 fluid ounces of No Mor Problems® per pound (dry) or gallon (liquid) of chlorinating product. When adding bromine for pool maintenance, add 5 fluid ounces of No Mor Problems® per pound of brominating

[MASTER LABEL]

product. Before swimming, use test kit for measuring chlorine levels, as directed on the chlorinating product label. Do not enter or swim until the chlorine residual drops to 3 ppm.

Quantity of each chlorine OR bromine source	No Mor Problems®	Example
1 gal. liquid chlorine, 1 lb. dry chlorine or shock, two 3-inch tablets or trichloro-s-triazinetriene, and 1 lb. bromine	5 fluid ounces	If add 1 gal. liquid chlorine and 2 lb. or trichloro-s-triazinetriene, add 17 fl. oz. No Mor Problems® [5+(2x6)=17]
1 lb. trichloro-s-triazinetriene and 1 lb. chlorine produced by a chlorine generator	6 fluid ounces	

STORAGE AND DISPOSAL

Do not contaminate drinking water, food, or feed by the use, storage or disposal of this product.

STORAGE: Store in a dry, well ventilated area out of reach of children and away from oxidizers. Keep container closed when not in use.

DISPOSAL: Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Container Disposal: Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.
