DIRECTION FOR USE continued

Spray Infested Surface Until Wet

ROACHES, ANTS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also behind and beneath cabinets, refrigerators, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make localized application to the floor and baseboards. Spray directly into cracks, closets and infested areas of stairwells. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall coverings. Applications should be repeated as necessary. Fresh bedding should be placed in animal quarters following treatment. **DO NOT FEED ANIMALS WITH THIS FORMULATION.**

FLIES, MOSQUITOES, WASPS and FLYING MOTHS OUTDOORS: For use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, patios, and other places where these insects alight or congregate.

FLEAS, ANTS, BROWN DOG TICKS, CLOVER MITES, CRICKETS, EARWIGS, MILIPEDES - OUTDOORS: For treatment of localized infestations of these insects in outdoor areas or where these insects may enter the dwelling, spray infested areas thoroughly. For Ants, thoroughly wet hills and runways. Repeat treatment as necessary. Do not spray vegetation.

Buyer also is advised to use storage and handling of this material in strict accordance with directions given hereon.
