

APR 15 1991

Ms. Barbara E. Kairies
CHEM-TOX INCORPORATED
481 Scotland Road
McHenry, Ill 60050

Dear Ms. Kairies:

Subject: RESMETHRIN Registration Standard Label Revision
CHEM-TOX INDUSTRIAL & HOUSEHOLD SPRAY
EPA Registration Number 45385-05
Submission dated April 1, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

1. Add the following statement to the "PHYSICAL HAZARDS" section:

"Do not use this product in or on electrical equipment due to the possibility of shock hazard."

2. Combine the "Related Compounds" percentage with the total for "INERT INGREDIENTS". Do not list "Related Compounds" separately as an active ingredient.

Sincerely,

RFM
Richard F. Mountfort
Product Manager 10
Insecticide-Rodenticide Branch
Registration Branch (H7505C)

**CAUTIONARY STATEMENTS
HAZARD TO HUMANS
AND DOMESTIC ANIMALS

PHYSICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTION FOR USE continued

Before spraying in hospitals, remove all patients. After spraying, ventilate area for 2 hours before returning patients.

Mosquitoes, Flies, Gnats, Flying Moths (Batters): Close all doors and windows. Direct the spray to all parts of the room. Fill the room with mist, then leave the treated area. Keep room closed for at least 15-30 minutes. Ventilate the room when treatment is completed.

Wasps: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

Bees, Waterbugs, Earwigs, Grain Mites, Sowbugs, Spiders and Centipedes: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and

sinks, under refrigerators, baseboards and storage areas. Spray directly on insects when possible. Repeat treatment as necessary.

When using this product in food processing plants, foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using this product in these areas, apply only when the facility is not in operation.

Remove pets, birds and cover fish aquariums before spraying.

Do not remain in treated areas and ventilate the area after treatment is completed.
