

- d. Uppercase D in Diethyl and D in 2,2-Dichlorovinyl.
- e. Revise ENVIRONMENTAL HAZARDS to that of the Prentiss specimen label you submitted, except change "Keep out of lakes, ponds, or streams" to "Do not apply directly to water."
- f. Change PESTICIDE DISPOSAL text to read:

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

- g. Revise:

If in eyes - Flush eyes with plenty of water.
Call a physician immediately.

- h. Revise:

Note to Physician - Solvent presents aspiration hazard. Gastric lavage is indicated if material was taken internally. If symptoms of cholinesterase inhibition are present, atropine sulfate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

- i. Change "FOR COMMERCIAL USE ONLY" to "RECOMMENDED FOR COMMERCIAL/ INDUSTRIAL USE."
- j. The total percent of inert ingredients should read 99%. Delete "Petroleum Distillate . . . 98%." add an asterisk above Inert Ingredients, i.e., "Inert Ingredients*" and then beneath the ingredient statement add the phrase "*Contains petroleum distillate."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIPRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
