

19 APR 1996

Jacqueline Sherman
Chem-Tox, Inc.
481 Scotland Road
McHenry, IL 60050

Dear Ms. Sherman:

Subject: Response to Data Call-In Notice
for Dipropyl Isocinchomeronate
Chem-Tox WIK-RUB Insecticide Concentrate
EPA Registration Number 45385-62
Submission Dated September 6, 1994

The amendment to remove the two synergists from this product referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. The confidential statement of formula for the basic formulation (dated September 6, 1994) is acceptable and supersedes all previously accepted confidential statements of formula for this product.

The labeling submitted in conjunction with this request for amended registration is acceptable, provided you make the following changes:

1. Move the following paragraph from the Precautionary Statements to the Directions for Use:

"Do not contaminate feed, water or mineral supplements with this compound. Do not contaminate milk or milk handling establishments. Wash udder and teats before milking. Do not use in commercial food processing, preparation, serving or storage areas."

2. Revise the Statement of Practical Treatment to read as follows:

IF SWALLOWED: Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol. Vomiting may cause aspiration pneumonia.

- 76
- IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.
- IF ON SKIN: Remove contaminated clothing and wash thoroughly with soap and water. Get medical attention if irritation persists.
- IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

3. Revise the Storage and Disposal Statement to read as follows:

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Avoid storage conditions that might alter the composition or usefulness of the pesticide, e.g., temperature extremes, excessive moisture, or humidity, heat, sunlight, friction, or contaminating substances or media. Keep pesticide container closed in a cool, dry, locked cabinet or room.

Pesticide Disposal: Pesticide wastes are toxic. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal:

Metal Containers (non-aerosol): Triple rinse (or equivalent). Then offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local officials.

Plastic Containers: Triple rinse (or equivalent). Then offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local officials. If burned, stay out of smoke.

4. Remove the references to repellent. You have removed the repellent from this formulation.
5. Correct the grammatical errors in the Warranty Statement.

A stamped copy of the label is enclosed. Prior to releasing product for shipment, submit three copies of revised final printed labeling.

CHEM-TOX WIK-RUS

((SIDE PANEL))

PRECAUTIONARY STATEMENTS (12 pt)

HAZARDS TO HUMANS & DOMESTIC ANIMALS (10 pt)

CAUTION: Harmful if swallowed. Avoid breathing vapor. Avoid contact WITH SKIN, EYES, OR CLOTHING. Wear mask or respirator of type recommended by NIOSH to give adequate protection against this material. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash all contaminated clothing with soap and water, separately from other clothing, before reuse.

Do not contaminate feed, water or mineral supplements with this compound. Do not contaminate milk or milk handling equipment. Wash udder and teats before milking. Do not use in commercial food processing, preparation, serving or storage areas.

STATEMENT OF PRACTICAL TREATMENT (10 pt)

if swallowed - call a physician or Poison Control Center immediately.
DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia.
if inhaled - remove victim to fresh air. Apply artificial respiration if indicated.
if on skin - remove contaminated clothing and wash affected areas with soap and water.
if in eyes - flush eyes with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS (12 pt)

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL HAZARDS (12 pt)

Do not pour, use, spill or store near heat or open flame.

((SIDE PANEL))

DIRECTION FOR USE

It is a violation of the Federal Law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL (12 pt)

Do not contaminate water, food or feed by storage or disposal.
Avoid Storage conditions that might alter the composition or usefulness of the pesticide, e.g., temperature extremes, excessive moisture or humidity, heat, sunlight, friction or contaminating substances or media. Keep pesticide container closed in a cool, dry, locked cabinet or room.

PESTICIDE DISPOSAL (10 pt)

Pesticide Wastes are toxic. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL (10 pt)

Metal Containers: (non-aerosol) Triple rinse (or equivalent). Then offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Plastic Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

DIRECTIONS FOR USE can't.

Dilute one gallon of Wik-Rub with four gallons of kerosene.

To repel HORN FLIES, STABLE FLIES, fill the back-rubber and facerubber applicators with the diluted mixture of Wik-Rub insecticide. It will take a few minutes for the canvas parts to become saturated.

The applicators should be placed where the livestock loaf or congregate so that they may have access to it at all times. Repeated applications will build up repellency in those areas of the animal treated with the insecticide repellent.

WARRANTY STATEMENT

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials.
