JUL 3 2003

SUBJECT: Amendments of label updating First Aid Statements in accordance with PR Notice 2001-1  
EPA Reg. No. 45385-76  
Product Name: Cenol Mill Spray  
Date of submission: March 11, 2003

Dear Mr. Brosdahl,

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

- 1. The footnote for Piperonyl butoxide must be modified so that the total of the parent, and related compounds is equal to the percentage claimed on the label of 0.60%. The footnote should read as follows: “\*Consists of 0.48% (butylcarbityl)(6-propylpiperonyl) ether and 0.12% related compounds.”

If you have any questions, you may contact Richard J. Gebken, at (703) 305-6701.

Sincerely,

Marion Johnson  
Product Manager 10  
Insecticide Branch

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed or absorbed through skin. Avoid contamination with skin, eyes or clothing. Avoid breathing spray mist. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying. **DO NOT ALLOW CHILDREN OR PETS TO ENTER TREATED AREAS UNTIL ALL SURFACES ARE DRY AND CLEANED.**

### ENVIRONMENTAL HAZARDS

This formulation is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the high water mark. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

### PHYSICAL AND CHEMICAL HAZARDS

Extinguish open flame before space spraying. This formulation is combustible. Do not use or store near heat or open flame. **CAUTION: PRETEST INSECTICIDE FOR POSSIBLE DISCOLORATION OR SPOTTING OF FABRIC, MATERIAL OR CARPET. AVOID** wetting of asphalt tile, shingles, rubber and plastic materials. **DO NOT** saturate carpeting, furniture or draperies during application. **TEST** before application for POSSIBLE ALLERGIC REACTION.

### STORAGE DISPOSAL

Store product in original container in a locked storage area. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER DISPOSAL-IF EMPTY:** 1 Gal and under place in trash or offer for recycling if available. Over 1 Gallon Triple rinse (or equivalent) and offer for recycling, reconditioning or puncture and dispose of in a sanitary landfill or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. **IF PARTLY FILLED:** Call your local waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. **SPILL:** In case of spill, soak up with absorbent material such as clay, sawdust or earth and dispose of material according to "IF PARTLY FILLED" directions above.

### ACTIVE INGREDIENTS:

Pyrethrins - CAS [ 8003-34-7] - 0.50%

Piperonyl Butoxide, CAS [51-03-6] - 2.00%

\*\*OTHER INGREDIENTS:- - - - 97.50%

TOTAL: 100.00%

\*\* contain& aliphatic petroleum distillate

## KEEP OUT OF REACH OF CHILDREN CAUTION

EPA Reg. No. 45385-76 EPA Est. No. 56-OH-1

### FIRST AID

**IF SWALLOWED** - Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF IN EYES** - Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice. Have this product container or label with you when calling a poison control center or doctor, or when going for treatment. You may also call 1-800-858-7378 for emergency medical treatment advice. **NOTICE TO PHYSICIAN:** Contains petroleum distillate. Vomiting may cause aspiration pneumonia. See side panels for additional Precautionary Statements.

## DIRECTIONS FOR USE

It is violation of Federal law to use this product in manner inconsistent with its labeling. Do not contaminate water, food or feed, storage or disposal. Open dumping is prohibited.

**FLYING INSECTS:** Use **CENOL MILL SPRAY** for control of flying insects. Foods should be removed or covered during treatment. All food processing surfaces should also be covered during treatment or thoroughly cleaned before using. After space spraying in food processing plants, thoroughly wash all equipment, benches, shelving etc. where exposed food will be handled, with an effective cleaning compound with potable water. When using this product as a space spray, apply only when plant is not in operation. Before spraying, close all doors and windows in the area to be treated, to prevent drift of fog or spray. Extinguish all open flames and shut off all non-explosive proof electrical equipment. Spray into entire room directing spray upward at the walls and ceiling so that as many insects as possible can be contacted with the vapor or mist. Use a Fogger or Vaporizer adjusted to deliver an aerosol spray with no droplets over 50 microns in diameter and 80% less than 30 microns. Apply at a rate of 3 ounces per 1,000 cubic feet of space. Treated areas should be kept closed at least ten minutes after spraying. Repeat as often as necessary to keep named insects under control and to deter new infestations. After thoroughly spraying as directed, clean the area, sweep up or vacuum all dead insects, and destroy.

**CRAWLING INSECTS:** Use **CENOL MILL SPRAY** for control of named crawling insects. Thoroughly clean, preferably by vacuuming, all flour, grain, and food dust from horizontal surfaces, since these static accumulations encourage stored product insect breeding. Apply spray, with Permanent unites, Portable Electric Sprayers, or Air Guns, into cracks, crevices, or any surface where the named insects frequent. Apply into cracks of flooring and baseboards, also cracks inside, and outside of flour, grain or food handling equipment, or bins. Thoroughly mist outside of storage sacks, before storing. Spray box cars and storage rooms before filling with grain, feed, or food products. Repeat at regular intervals or as often as necessary to control all insects as listed on the front panel of this product label.

## PRODUCT WARRANTY STATEMENT

Our recommendation for use of this product is based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer; no guarantee, expressed or implied, is made as to the effects of such, or the results to be obtained if not used in accordance with directions or established safe practices. The buyer must assume all responsibility, including injury or damage resulting from its misuse as such or in combination with other materials.
