DIRECTIONS FOR USE

FOR USE IN: HOTELS, MOTELS, HOMES, INSTITUTIONS, PACKAGING AND PROCESSING PLANTS, SEED HOUSES AND HORSE STABLES

Food preparation and equipment must be washed thoroughly with soap and water before use. Do not use on food. When using the product in these areas, apply with the fan spray nozzle.

SPACE SPRAY: Spray directly into the air in the room. Do not spray directly on people or animals. Do not spray directly on food.

CONTACT SPRAYS: Do not spray on people or animals. Do not spray on food. Do not spray on surfaces that will be in contact with food.

TO KILL SPIDERS: Spray directly on these pests and use repeated applications to the webbing and all cracks and crevices where harbor spiders.

TO KILL ANTS: Spray doors, around window frames, and trails and hills.

TO KILL GRAIN INSECTS: Adults of confused flour beetles, saw-toothed grain beetles, and spider beetles. Remove infested grain cereal or flour and destroy. Avoid contamination of other food and containers in areas by removing before spraying. Spray directly on exposed stacks and into cracks and crevices where grain insects may be hiding. In homes, dispose of all infested products. The shelves and drawers should be cleaned and thoroughly sprayed so as to contact all pests and covered with shelf paper after allowing shelves to dry. Any utensils that are contacted with spray should be washed before using. Repeat as necessary.

AVOID wetting of asphalt tile, shingles, rubber and plastic materials. DO NOT saturate carpeting, furniture or draperies during application.
