Mr. Stanton Reese
Reese Citrus Insulators, Inc.
P. O. Box 2352
Lakeland, FL 33806

Dear Mr. Reese:

Subject: Label Amendment
Reese Clip-On Young Tree Insulator with Insect Repellent
EPA Registration Number 45443-1
Your submission dated June 21, 1988 and August 13, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. The specific sites of application must be identified on the label. Young trees and vines is too broad. Thus qualify by stating: "xx trunks of young citrus and peach trees and kiwi vines from damage xx etc."

2. Add the heading "Precautionary Statements" before "Hazard's to Humans and Domestic Animals."

3. Submit five copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

Insecticide - Insulator

To protect the trunks of young trees from damage by ants and from freezing. Also effective against wasps, roaches, and crickets.

Read Carefully and Follow All Label Directions When Using this Product.

Directions for Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Clear soil away from base of tree well below bud union.
2. Clip off sprouts and thorns to 14 inches above the ground.
3. Place the two halves of the **Clip-On** around the trunk with the packet of insect powder toward the bottom. **Do not puncture the bag or flasks.**
4. Adjust for best fit making sure that the mating faces of the two halves are tightly together and top is snug to tree.
5. Slip the spring clip on just above the center of the **Clip-On** such that the two ends press against the flat sides of the insulator.
6. Remove when trunk diameter exceeds 3 inches.

Conditions of Sale and Warranty

REESE CITRUS INSULATORS warrants only that this product conforms to the chemical formula on the label and is reasonably fit for the purposes referred to in the **Directions for Use**. In no case shall REESE CITRUS INSULATORS or the Seller be liable for consequential special or indirect damages from the use or handling of this product. REESE CITRUS INSULATORS and the Seller offer this product and the Buyer and User accept it subject to the foregoing **Conditions of Sale and Warranty** which may be varied only by agreement in writing signed by an officer of REESE CITRUS INSULATORS.

FOR AGRICULTURAL USE ONLY
