**Moly-T<sup>TM</sup>**

Planter Box  
Soybean Seed Treatment  
Fungicide Plus Molybdenum

<b>Active Ingredient:</b>	
Thiram (Tetramethythyram disulfide)	28.60%
<b>Inert Ingredients*</b>	
	73.40%
	100.00%
<b>*Added Ingredients:</b>	
Graphite	15.00%
Molybdenum (derived from Sodium Molybdate)	5.27%

Net Contents:  
11 LBS., 14 OZ. (5.39 KG.)

50 BUSHEL SIZE  
(3000 LBS.)

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

See back panel for  
additional precautionary statements.

EPA Reg. No. 45989-2 EPA Est. No. 45989-11-1

**K KALO**

Manufactured by  
Kalo Agricultural Chemicals, Inc.  
Overland Park, Kansas 66211

**Precautionary Statements Hazards to Humans  
And Domestic Animals**

**Caution:** Avoid contact with skin, eyes, or clothing. May cause irritation of eyes, nose, throat or skin. Wash with soap and water after handling. Avoid contamination of feed and food.

**Statement of Practical Treatment**

If swallowed: Harmful if swallowed, get medical attention.

If inhaled: May be harmful if inhaled, get medical attention. Avoid inhalation by using a respirator.

If on skin: Avoid contact with skin or clothing. Wear rubber gloves. Wash affected area thoroughly with soap and water. Wash hands and face thoroughly with soap and water after use and before eating or smoking.

If in eyes: Avoid contact with eyes. Wear protective eye covering. In case of contact with eyes, flush immediately with running water for 15 minutes and get medical attention if irritation persists.

**Environmental Hazards**

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply the product only as specified on the label.

**Warranty and Conditions of Sale\***

KALO AGRICULTURAL CHEMICALS, INC. warrants this product conforms to its label description and is reasonably fit for use if used strictly in accordance with label directions subject to the inherent risks stated below, and that this product contained at the time of shipment sufficient nitrogen fixing bacteria to inoculate the type and quantity of seed specified on the label. KALO MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, WHETHER OF FITNESS OR MERCHANTABILITY OR ANY OTHER MATTER RESPECTING THE PRODUCT IN NO CASE SHALL KALO OR SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Directions for use are believed to be reliable. However, since weather, soil and plant conditions, presence of other materials or the manner of use or applications may adversely affect performance even when used in accordance with label directions, Buyer assumes all such risks. In any event KALO's and Seller's liability shall be limited to return of the purchase price. KALO and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Warranty and Conditions of Sale, which may be varied only by agreement in writing signed by a duly authorized representative of KALO.

\*These Conditions of Sale are subject to any applicable contrary governmental restrictions or law.

**Directions for Use:**

It is a violation of Federal Law to use this product in a manner inconsistent with its label.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** This product contains living organisms. STORE IN A COOL (Below 70°F) PLACE. Avoid exposure to excessive heat and direct sunlight.

**Pesticide Disposal:** Pesticide, excess treated seed or residue that cannot be used according to label instructions must be disposed of according to applicable Federal, State or local procedures.

**Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.

**Note to user:** Do not use treated seed for food, feed or oil purposes.

MOLY T is an easy-to-use soybean seed treatment formulated for planter box application. MOLY T is formulated with a non-oil lubricant to help seed flow easily and evenly from the planter box. MOLY T furnishes 1.0 ounce of Thiram per bushel to protect against seed and soil-borne diseases, such as seedling blights, damping-off, and seed decay organisms. MOLY T provides 0.2 ounce of molybdenum per acre for plant nutrition and as an aid to the valuable nitrogen fixation process of the soybean plant. Measuring scoop enclosed.

**For Planter Box Application**

**Or For Use On Seed Prior To Placement In Planter Box.**

**DO NOT USE ANY WATER.** Apply MOLY T as a planter box treatment at the rate of 3.8 ounces (3 level SCOOPS) per bushel of soybean seed. Plant soybeans at the rate of one (1) bushel per acre for proper application of molybdenum. Treat half the seed in the planter box with half the required MOLY T and mix thoroughly with a stick or paddle until a uniform color is imparted to all seed. Add the remaining seed and cover with balance of MOLY T. Mix thoroughly as above. Plant as soon as possible. Keep container tightly closed when not in use.
