Pat Quinlan
Insecta Marketing, Inc.
3601 NE 5th Avenue
Oakland Park, FL 33334-2214

Dear Mr. Quinlan:

Subject: Notification to update company address and EPA establishment number,
per PRN 98-10

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10, dated February 4, 2012, for "Insecta," EPA Registration Number 45600-1.

The Registration Division (RD) has conducted a review of this request for applicability under PRN 98-10, and finds that the label changes requested do fall within the scope of PRN 98-10. The label submitted with your application has been date-stamped "Notification" and will be placed in our files.

If you have any questions, please contact me directly at 703-308-8735 or email me at chao.julie@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Julie A. Chao".

NOTIFICATION

FEB 14 2012

Reference: "Insecta", EPA Reg. No. 45600-1
Notification : Change Company Address & EPA Est. No.

Dear Ms. Eagle,

We have submitted this Notification dated February 3, 2012 separately from the accompanying Amendment dated February 6, 2012 because of the urgency to have the change of our Company Address on the label cleared so as not to delay any production of our product. Kindly send any mail to the new address above.

Enclosed, please find the following:

- Application for Registration Form Completed (EPA Form 8570-1).
- Formulator's Exemption Statement Completed.
- Existing Label with proposed items to be deleted – highlighted.
- Proposed Label with items to be added – highlighted.
- Proposed Label (2 copies).

If you need any additional information, please contact us by telephone at (450) 800-1351 or by email at pquinlan@videotron.ca.

Kindly email me the Approval Letter, as a file attachment, if possible.

Sincerely,

Pat Quinlan

NOTIFICATION

FEB 14 2012

INSECTA®

Ready-To-Use Exterior Product

Kills German Cockroaches for up to one year when exposed to treated painted surfaces. Kills Houseflies alighting on treated painted surfaces for up to 18 months.

KILLS LISTED CRAWLING AND FLYING INSECTS

Outdoor Non-Residential

For use on the inside of sewer manhole walls to control American and German cockroaches.

Active Ingredient

Chlorpyrifos (O,O-Diethyl O-(3,5,6-trichloro-2-pyridinyl) phosphorothioate).....0.86%

Inert Ingredients.....99.14%
Total 100.00%

Net Contents: 55 gallons (Minimum 15 gallons)
KEEP OUT OF REACH OF CHILDREN
CAUTION

See side panels for additional precautionary statements.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift.

Do not use this product in manholes in storm drain systems.

Application Restrictions

Do not enter or allow others to enter manholes until spray has dried.

Do not allow spray to drift from the application site and contact people, structures people occupy at any time and the associated property, parks and recreation areas, non-target crops, aquatic and wetland areas, woodlands, pastures, rangelands, or animals.

The applicator also must use all other measures to control drift.

Insure that all surfaces are clean and dry prior to applying this product. Each gallon covers approximately 500 square feet. Apply by using a coarse, low pressure spray by using conventional airless spray equipment. For best results, use without dilution. If necessary, dilute with up to 5% water.

TREATMENT OF SEWER MANHOLES: (For control of cockroaches).

Apply product only on manhole walls. Product is to be applied via coarse spray using conventional airless spray equipment delivered through a 6 foot (or longer) spray wand with minimum of 2 spray tips (for even application). The application of Insecta to sewer manhole walls must be applied only from above ground and the applicator is not to enter the manhole. Apply no more than 48 ounces (3 pints) of product to each manhole. Do not discharge spray or unused material directly into sewer system. Do not apply product within 36 hours of predicted heavy rainfall.

ATTENTION: Dries quickly and rinses easily with water. Allow to dry for several days before washing. As contact between the insect and the treated surface is necessary, any time that the latter becomes coated with dust or dirt, the treated surface should be washed with water in order to re-establish maximum possible contact. **INSECTA** applied on exposed glass, glazed tile, metal or other non-porous surfaces may dry leaving a light film.

KILLS BY CONTACT: American Cockroaches, German Cockroaches and Houseflies.

Environmental Hazards
This product is toxic to fish, aquatic invertebrates, small mammals and birds. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or residue.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treated areas.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal.
Pesticide Storage Store in a cool, dry area under lock and key. Post as a pesticide storage area. Always store pesticides in the original container. Store away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Place liquid formulations on lower shelves and dry formulations above. Do not allow to freeze.
Pesticide Disposal To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

Container Handling Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill or by incineration. Do not burn unless allowed by state and local ordinances.

NOTICE

Seller warrants that this product conforms to its chemical description and is reasonably fit for purposes stated on the label when used in accordance with directions under normal conditions of use. To the extent allowed by applicable laws, neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and to the extent allowed by applicable laws buyer assumes the risk of any such use.

Product of USA

Manufactured For: **Insecta Marketing, Inc.**
11468 Shoal Park—Noblesville, IN 46060-7162
"Insecta" is a Registered Trade Mark

Patent No. 5023247

Product Code: W

FIRST AID
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.
If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, only by injection is the preferred antidote.
HOTLINE INFORMATION: Emergency Telephone Number: 1-800-255-3924

User Safety Recommendations
Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
