Subject: Label Amendment – Implementing Chlorpyrifos Biological Opinion (BiOp)
Mitigation and General Updates
Product Name: Insecta
EPA Registration Number: 45600-1
Application Date: 10/19/2022
Decision Number: 594424

Dear Peggy Lawrence:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Chlorpyrifos 2022 Biological Opinion and has concluded that your submission is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of

statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact David Drawbaugh at Drawbaugh.David@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Walsh', is positioned above the typed name.

Attachment

ACCEPTED
12/06/2023
Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 45600-1

DIRECTIONS FOR USE

For use ONLY in enclosed sanitary sewer systems

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or bystanders, either directly or through drift.

Do not use this product in manholes in storm drain systems.

Application Restrictions

Do not use this product in manholes in storm drain systems.

Do not enter or allow others to enter manholes until spray has dried.

Do not allow spray to drift from the application site and contact bystanders, structures people occupy at any time and the associated property, parks and recreation areas, nontarget crops, aquatic and wetland areas, woodlands, pastures, rangelands, or animals.

The applicator also must use all other measures to control drift. Insure that all surfaces are clean and dry prior to applying this product. Each gallon covers approximately 500 square feet. Apply by using a coarse, low pressure spray by using conventional airless spray equipment. For best results, use without dilution. If necessary, dilute with up to 5% water.

TREATMENT OF SEWER MANHOLES: For use ONLY in enclosed sanitary sewer systems. (For control of cockroaches).

Manholes: Apply product only on manhole walls. Product is to be applied via coarse spray using conventional airless spray equipment delivered through a 6 foot (or longer) spray wand with minimum of 2 spray tips (for even application). The application of Insecta to sewer manhole walls must be applied only from above ground and the applicator is not to enter the manhole. Apply no more than 48 ounces (3 pints) of product to each manhole. Do not discharge spray or unused material directly into sewer system. Do not apply product within 36 hours of predicted heavy rainfall.

ATTENTION: Dries quickly and rinses easily with water. Allow to dry for several days before washing. As contact between the insect and the treated surface is necessary, any time that the latter becomes coated with dust or dirt, the treated surface should be washed with water in order to re-establish maximum possible contact. **INSECTA** applied on exposed glass, glazed tile, metal or other non-porous surfaces may dry leaving a light film.

KILLS BY CONTACT: American Cockroaches and German Cockroaches.

EPA Reg. No. 45600-1 EPA Est. No. _____

See side panels for additional precautionary statements.

NON-AGRICULTURAL USE ONLY

For use ONLY in enclosed sanitary sewer systems.

Ready-To-Use Exterior Product

Kills cockroaches in sewer manholes for up to one year when exposed to treated, painted surfaces.

Outdoor Non-Residential:

For use on the inside of sewer manhole walls to control American and German cockroaches.

Active Ingredient:
Chlorpyrifos (O,O-Diethyl O-(3,5,6-trichloro-2 pyridinyl) phosphorothioate.....0.86%

Inert Ingredients:.....99.14%

Total 100.00%

Net Contents: 35 gallons (Minimum 15 gallons)
KEEP OUT OF REACH OF CHILDREN
CAUTION

See side panels for additional precautionary statements.

**Precautionary Statements
Hazards to Humans and Domestic Animals
CAUTION**

Harmful if absorbed through skin. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist.

**Personal Protective Equipment (PPE)
When working with product with open containers including drum lid changes in the field.**

- All mixers, loaders, applicators and handlers must wear:
- coveralls over long-sleeved shirt and long pants;
 - chemical-resistant, butyl rubber gloves ≥ 14 mils thick;
 - chemical-resistant apron when mixing or loading or exposed to the concentrate;
 - chemical-resistant footwear plus socks;
 - chemical-resistant headgear for overhead exposures;
 - A NIOSH-approved particulate respirator with any N, R, or P filter, NIOSH approval number prefix TC-84A.; or a NIOSH-approved powered air purifying respirator with an HE filter with NIOSH approval number prefix TC-21C.

**Personal Protective Equipment (PPE)
Application of product with closed container systems.**

- For application of Insecta on sewer manhole walls from above ground, using product that is pumped from a closed container, applicators and handlers must wear:
- long sleeved shirt and long pants;
 - chemical-resistant, butyl rubber gloves ≥ 14 mils thick;
 - chemical-resistant footwear plus socks.
- Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, only by injection is the preferable antidote.

HOTLINE INFORMATION: Emergency Telephone Number: 1-800-535-5053. Registrant 79020.

INCIDENT REPORTING:
National Pesticide Information Center 1-800-858-7378

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

CHLORPYRIFOS GROUP 1B INSECTICIDE

Environmental Hazards

This product is toxic to fish, aquatic invertebrates, small mammals and birds. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or rinseate. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treated areas.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage Store in a cool, dry area under lock and key. Post as a pesticide storage area. Always store pesticides in the original container. Store away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Place liquid formulations on lower shelves and dry formulations above. Do not allow to freeze.

Pesticide Disposal To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

Container Handling Refillable container. Refill with Insecta only. Do not reuse this container for any other purpose. Keep container tightly closed prior to cleaning to prevent contents from drying. Cleaning the container for refilling is the responsibility of the refiller. Cleaning the container before final disposal is the responsibility of the person disposing of the container. To clean the container before final disposal, empty the remaining contents from this container into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinseate into application equipment or rinseate collection system. Repeat this rinsing procedure two more times. Then offer for recycling if available or reconditioning if appropriate or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

NOTICE

Seller warrants that this product conforms to its chemical description and is reasonably fit for purposes stated on the label when used in accordance with directions under normal conditions of use. To the extent consistent with applicable law, neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and to the extent consistent with applicable law buyer assumes the risk of any such use.
