3. The Confidential Statement of Formula for both the activation and base, dated February 8, 2001, are acceptable.
4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosure

A handwritten signature in dark ink, appearing to be "J. R. B.", is located to the right of the word "Enclosure".

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

FIRST AID

If Swallowed:

>Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing:

>Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment.

If in Eyes:

>Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Inhaled:

>Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

already spoiled**

PART A BOTTLE CONTAINS:

ACTIVE INGREDIENT:

Sodium chlorite 0.24%
OTHER INGREDIENTS: 99.76%
TOTAL 100.00%

PARTS B CONTAINS:

Citric Acid as an Activator for Part A

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation.

**Harmful if absorbed through skin. Avoid contact
with skin, eyes or clothing. Wash thoroughly with
soap and water after handling.**

Net Weight: ____ Fluid Ounces (____ ml)

DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner
inconsistent with its labeling.**

Sprayer Assembly

The solutions in each bottle of the twin-pack are pre-diluted and ready for dispensing through the Trigger Spray Handle. Remove the screw caps on bottles containing Part A and Part B and place the Trigger Spray Handle on the bottle openings. Make sure the locking levers on the Handle are in the "OFF" position, as indicated on the shoulder of each bottle. Place the Handle on the twin-pack bottles, so that only one Part A and one Part B bottle are attached. When the Handle is completely seated, move the lock-levers to the "ON" position, as shown on the shoulder of each bottle. Proceed to dispense as instructed.

Application Instructions

The ideal spray action is to pull or squeeze the handle fully and then to release it or to let it go completely, so that it returns freely to the original or open position. A short pumping action should not be used.

Spray on uncooked fruits and vegetables until the surface of the food is coated and the solution begins to drip. Allow to soak for 1 minute. Rinse with tap water. If mixed product remains on surface for longer than 3 minutes, chlorine dioxide will be generated.

STORAGE & DISPOSAL

Pesticide Storage: Store in unused bottle sets in cool, dark, dry place in original containers. Keep containers upright.
Container Disposal: Wash empty containers thoroughly with water and offer for recycling or discard in trash. Do not reuse containers.
