Reg. #

FOR AGRICULTURAL USE ONLY

Insecticide, Fungicide, and Miteicide Act, as amended, for use as a pesticide registered under EPA Reg. No. 2139-99

Carzol

SP MITICIDE INSECTICIDE

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
DANGER

This product is poisonous if swallowed. Do not get in eyes, on skin or on clothing. Do not breathe dust or spray mist. Wear protective clothing, goggles and rubber (natural or synthetic) gloves when handling this material. Wash before eating or smoking. Wash contaminated clothing before re use. If exposure to dust or spray mist cannot be avoided wear a self contained breathing apparatus.

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

ENVIRONMENTAL HAZARDS

This product is toxic to birds and other wildlife. Do not apply directly to water or wetlands. Apply only as specified on this label. CARZOL SP is moderately toxic to honey bees. Avoid using where bees are active. Do not allow animals to graze in orchard areas treated with CARZOL SP.

IMPORTANT
READ BEFORE PURCHASE OR USE
CONDITIONS OF SALE

Purchase or use of this product shall constitute acceptance of the following terms of sale. NOR-AM Agricultural Products, Inc. (NOR-AM) warrants that the product conforms to the chemical description on this label and is reasonably fit for the purposes specified herein. By way of limitation but not in derogation of the directions and statements provided on this label, Seller makes no warranty and no right of redress and NOR-AM makes no further warranty or representation, expressed or implied, including but not limited to any warranty as to MERCHANTABILITY and no agent of NOR-AM is authorized to do so except in writing, with a specific reference to the foregoing warranty. Since neither Seller nor NOR-AM has any control over the handling, storage, use or conditions of use of this product, Buyer or user assumes all risks and liability arising from handling, storage or use of this product under abnormal conditions or not in strict compliance with the directions and precautionary statements herein. All claims related to the purchase, handling, storage or use of this product shall be heard without regard to any statute of limitations. All claims shall be heard within 90 days after the last date of use. Liability of the Seller or NOR-AM for any damages arising from a breach of this warranty shall be limited to the double of the actual commercial damages.

DIRECTIONS FOR USE

Read label of Carzol SP for specific directions for use on various crops and pests.

RE-ENTRY STATEMENT

Do not enter treated areas until the spray has dried. Because certain states may require more than the two reentry intervals for certain crops listed on this product, consult your State Department of Agriculture for further information.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticides are acutely hazardous to people, animals and the environment. They are also highly toxic to birds, fish and aquatic life. If these wastes cannot be disposed of by the user according to label instructions, contact your State Department of Environmental Control, Department of Agriculture, or the nearest EPA Regional Office for assistance. Containers must be triple rinsed before disposal. Do not use for any other purpose. Do not use for any other purpose. Do not use for any other purpose. Do not use for any other purpose.

CARZOL SP is completely soluble in water. Prepare a tank of a premix of spray before adding to the spray tank if not necessary. Add the desired amount of CARZOL SP directly to the spray tank. Fill of water with the sprayer running. Then add the remainder of the water.

USE PRECAUTIONS

To avoid excessive residues, observe the following limitations: (CITRUS) Do not apply more than 5 lbs CARZOL SP per acre in a 12 month period. Allow 30 days between applications.

APPLES AND PEARS Do not apply more than 3 lbs CARZOL SP per acre in one crop season. PEACHES Do not apply more than 2 1/2 lbs CARZOL SP per acre in one crop season. NECTARINES Do not apply more than 3 lbs CARZOL SP per acre in one crop season. PLUMS AND PRUNES Do not apply more than 3 lbs CARZOL SP per acre in one crop season.

ALFALFA (seed crop only) Use this product only on pure stands of alfalfa to be harvested for feed. Do not allow spray to drift onto adjacent crops. Do not spray while bees are foraging. Do not allow livestock to graze treated fields. Do not use treated crops for livestock feed. Crop residues are not to be fed to livestock or used for such use. Fields treated with CARZOL SP must be cleaned after harvest by burning or by plowing into the soil. CARZOL SP does not control aphids. If aphids appear add an aphicide to the spray.
