SEP 1 2 1990

Mr. Jacob J. Vukich Nor-Am Chemical Company 3509 Silverside Road P.O. Box 7495 Wilmington, DE 19803

Dear Mr. Vukich:

Subject: Revised Labeling

Ficam Wasp & Hornet Spray

EPA Registration No. 45639-140

Your Application Dated April 25, 1990

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

- 1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
- 2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
  - a. In the Environmental Hazards section, change the third sentence to read "Do not contaminate water when disposing of equipment washwaters."
  - b. The submitted efficacy data were assigned Master Record Identification (MRID) No. 414667-01. The data are acceptable and have been placed in the file for this product. They support the claims, "Kills . . . bees, ants, and spiders" in addition to wasps, hornets, and yellow jackets, when the product is applied according to label directions (including spraying for 1 to 2 seconds rather than 10 seconds). The

claim for bees includes honey bees and other bees and the claim for ants includes carpenter ants. The data indicate that staining and discoloration may occur on stained cedar. An additional statement that slight staining may occur on previously stained cedar surfaces may be advisable in the third paragraph under "Directions for Use."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with PIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Dennis H. Edwards, Jr. Product Manager (12) Insecticide-Rodenticide Branch Registration Division (H7505C)

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### WARNING

May be harmful if swallowed or absorbed through the skin. Do not get in eyes. Avoid breathing spray mist. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling.

#### **ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by alterning of equipment or disposal of washes. When disposal or washes.

#### PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Direct spraying will cause damage to plants on contact.

Do not allow spray to contact plastic, rubber or asphalt surfaces.

Do not use as a space spray indoors.

To be used in and around homes, apartments, commercial buildings, kennels, barns, patios, institutions, warehouses, theaters, office buildings, schools, motels, hotels, transformers, electrical boxes and those areas where wasp, hornet, bee and yellow jacket nests are generally located.

To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be

sprayed. Direct spray at wasps, hornets, bees and yellow jackets whenever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed.

Spray for 1-2 seconds or until surface is moist from insecticide.
To prevent entrance of insects into the house, spray around points where outside plumbing, faucets, etc. enter the house and into any cracks or crevices in foundation as well as along sills and ledges.

Kills wasps, hornets, honey bees, and yellow jackets: This spray is fast acting when insects are hit directly. With the breeze at back, thoroughly spray the nest until it is soaked. Application should be made in the evening when the hornets are at rest.

Kills ants and spiders: This spray is fast acting when pests are hit directly. With the breeze at back, thoroughly spray all pests present.

Allow about 24 hours for those insects or spiders which were not directly hit by spray to leave the area. If insects or spiders should return to the treated area, spray again. This container delivers a stream type spray making it possible for the operator to stay back from the places sprayed. This formulation utilizes synergized bandiocarb, a combination specifically effective on this class of

### STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place inaccessible to children and pets. Exposure to temperatures above 130°F may cause bursting.

**DISPOSAL:** Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

IN CASE OF FIRE, LEAKY OR DAMAGED CONTAINERS, OR OTHER EMERGENCY, REPORT AT ONCE BY TOLL-FREE TELEPHONE TO: 800-424-9300;;;;
