*De Flea works through a different mode of action than pyrethrin-based pesticides to kill fleas, ticks, lice and mites. It can be used during animal worming, and on very young and nursing animals.*

**DEFLEA**  
PET SHAMPOO

*De Flea kills fleas, ticks and lice. It can be used on all dogs, cats, puppies and kittens... even nursing animals!*

**For Use on Dogs and Cats:**

**DIRECTIONS FOR USE:**

**READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS AND CATS.**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Apply *DeFlea* onto coat of pet. Work shampoo into pet's coat until a lather is formed. Be sure that entire pet is treated, including hard to reach areas, such as between paws.
2. Rinse animal thoroughly (not dry). When ticks are present, wait 5 minutes before rinsing and drying.
3. Repeat as necessary.

**NOTE:** It is vital for young puppies and kittens to maintain a normal body temperature. Take precautions to provide a warm environment during and after bathing.

**For Use as a Spray:**

1. Spray entire animal, including legs and paws. Stroke the animal's coat against the lay while spraying to make sure the solution reaches the skin. Spray until entire coat is damp.
2. To help solution penetrate to the skin, spray and work into the coat.
3. Dry with towel if desired. (no rinsing is required)
4. In addition to pet, spray on surfaces and fabrics that may be infested, making sure adequate product is used to saturate areas where fleas may be hiding. Contacting fleas with product is required to achieve results.

**For Use on Reptiles:**

*DeFlea kills mites and other reptile parasites using a different mode of action than pyrethrin based pesticides.*

1. Spray directly on reptile, but not to excess (runoff) and all areas where mites may hide. Avoid spraying eyes and facial areas. Alternatively, spray *DeFlea* onto a cloth and wipe onto reptile.
2. Reapply as often as necessary, but not more often than at 7-day intervals.
3. Do not treat snakes for at least 2 hours after shedding their skin.

*DeFlea can be used to clean surfaces of terrariums and other habitats. Spray surfaces with *DeFlea* and wipe with a clean cloth. Rinse and dry surfaces before reintroducing reptile to habitat.*

**NOT FOR USE ON AMPHIBIANS SUCH AS FROGS AND/OR TOADS.**

**STORAGE AND DISPOSAL**

**If Empty:** Do not reuse this container. Place in trash or other for recycling if available.

**If Partly Filled:** Call your local solid waste agency or (800) CLEANUP for disposal instructions. Never pour unused product down any indoor or outdoor drain.

**SUBJECT: DE-FLEA PET SHAMPOO**  
**EPA Registration No. 45729-4**

Dear Mr. Tavano:

Please find enclosed the following documents on behalf of **NATURAL CHEMISTRY, INC.:**

- EPA Application for Pesticide Registration (EPA Form 8570-1), OPP ID No. 259208: NOTIFICATION of Amended Labeling per PR Notice 98-10.
- One copy of the label for the subject registration amended as required by PR Notice 2001-6, with the new statement highlighted as required by PR Notice 98-10.
- Two copies of the final printed label as required by PR Notices 98-10.

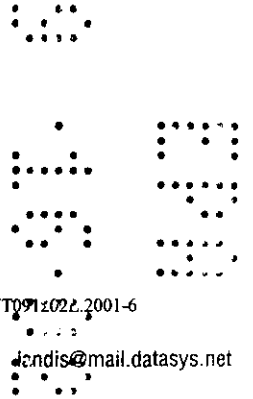

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. §1001 to willfully make any false statement to the EPA. I further understand that if this Notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under §12 and §14 of FIFRA.

We appreciate your assistance with this registration. If you have any questions, please don't hesitate to contact us at any time.

Best regards,

Peggy M. Galloway  
Regulatory Consultant for
