FLYGONE™

Name and Address of Registrant (include ZIP Code):

Burlington Bio-Medical & Scientific Corporation  
222 Sherwood Avenue  
Farmingdale NY 11735-1718

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The Agency is acknowledging receipt of your November 17 submission of a revised alternate Confidential Statement of Formula incorporating a blue dye to impart a dark or navy blue color to the final product. Your December 4, 1995 submission provided a revision of the labels submitted in your November 29, 1995 response to our letter of November 2, 1995. Your December 11, 1995 letter enclosed revised labels restricting use of scatterbait use sites to commercial establishments only.

This product is registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for the registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for the reregistration of your product under FIFRA section 4.

2/3

2. Make the following label changes:

a. From the label, delete the following implied safety claims, "A deep navy blue color has been added to reduce attractiveness to children," and "(FLYGONE contains a bitter denaturant to help prevent accidental ingestion by children, pets or domestic animals)."

b. Change the HAZARDS TO HUMANS & DOMESTIC ANIMALS to "Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing dust. Avoid contact with eyes or clothing. Do not allow children or pets into treated areas."

If In Eyes - Flush with plenty of water. Get medical attention if irritation persists.

If on Skin - Wash affected areas with soap and water.

If Swallowed - Call a physician or Poison Control Center. 1 or 2 glasses of water and induce vomiting by touching finger to back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting."

c. Relocate the "Avoid breathing dust" in the STATEMENT OF PRACTICAL TREATMENT to the HAZARDS TO HUMANS & DOMESTIC ANIMALS.

d. Change the ENVIRONMENTAL HAZARD statement to: "This product is toxic to birds. Collect, cover or incorporate granules spilled on soil surface. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes."

e. Revise the EPA Registration Number to read, "EPA Reg. No. 45735-15."

3. Submit five (5) copies of the revised final printed label reflecting the above mentioned changes, before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label, accepted with comments, is enclosed for your records.

Sincerely,

DHE

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with

FLYGONE is a new, improved, fly bait formula containing a fly pheromone which encourages feeding on the deadly treated bait. Distribute bait or fill bait station with appropriate device to avoid directly handling the bait.

As a scatterbait: Use FLYGONE only around the outside of the following: chicken houses, livestock barns, silos, canneries, beverage plants, meat and houses, and food processing plants. Bait may be used on walkways in a scattered over specified fly feeding surfaces daily, or as needed, to provide populations. Scatter bait (do not put in piles) at the rate of approximately 1/2 keeping 1 to 2 inch intervals between particles. Keep food producing animals

As a bait station: FLYGONE may be used only in bait stations around establishments, commissaries, bakeries, supermarkets, refuse dumpsters, or bait station at least four (4) feet off the ground at or around fly feeding areas. This area will usually provide adequate control.

Do not contaminate food and feedstuffs. Do not apply where poultry, livestock or up or lick it. ~~FLYGONE contains a bitter denaturant to help prevent accidental domestic animals.~~ Do not use in edible product areas of food processing plant food is commercially prepared or processed. Do not use in serving areas where openers to open this product that are used on food containers. Use a separate this product around or inside homes or any other place where children are ~~blue color has been added to reduce attractiveness to children.~~
