### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER:** Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed. Do not get in eyes, on skin or clothing. Do not breathe vapor or spray mist. Wear goggles or face shield, protective clothing and rubber gloves, a mask or a pesticide respirator jointly approved by MSHA (Mine Safety and Health Administration) and NIOSH (National Institute of Occupational Safety and Health). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Prolonged and frequently repeated contact may cause allergic reaction in some individuals.

See right panel for additional precautions.

BURLINGTON BIO-MEDICAL & SCIENTIFIC CORP.  
71 Carolyn Blvd., Farmingdale NY 11735 USA

### STATEMENT OF PRACTICAL TREATMENT

**If in eyes:** Call physician. Flush with a gentle steady stream of water for 15 minutes.  
**If on skin:** Wash with plenty of soap and water. Get medical attention.  
**If inhaled:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.  
**If swallowed:** Call physician or poison control center. Drink promptly a large quantity of milk, egg white or gelatin mixture, or if these are not available a large quantity of water. Avoid alcohol. Do not induce vomiting or give anything by mouth to an unconscious person.  
**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, aquatic invertebrates, birds and mammals. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and unless the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment authority. For guidance contact your State Water board or Regional Office of EPA.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.  
**Container Disposal:** Triple rinse empty containers and offer for recycling. Metal drums that cannot be reconditioned and recycled should be punctured or crushed and disposed of in a landfill, or by other procedures approved by state and local authorities.  
**Pesticide Disposal:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
**NOTICE TO USERS:** This product should not be used on items which come into contact with food stuffs nor items of clothing or infant wear. Restrictions encompass all food grade paper coatings, paper and paperboard, and adhesives.  
MICROPEL 2 DIDP is an antimicrobial solution for industrial use. It is designed to be incorporated into the materials listed in the Technical Use Bulletin to impart antimicrobial activity to the manufactured materials and products. Bacterial and fungal growth cause permanent staining or discoloration, embrittlement and premature failure of finished products. MICROPEL 2 DIDP will help preserve product integrity by suppressing bacterial and fungal growth in treated products.  
Products containing MICROPEL 2 DIDP may not make claims of antimicrobial activity other than protection of the article itself against growth of bacteria and mold in the treated article.  
MICROPEL 2 DIDP is a formulation of 10,10'-oxybisphenoxarsine specifically designed for compatibility with flexible vinyl systems. It may also be used as a preservative in plastic products, adhesives, coatings and specialty products, textiles and textile fibers, and resin, latex and polymer emulsions. Please consult the Technical Use Bulletin on MICROPEL 2 DIDP for full information.

A level of 1.5% MICROPEL 2 DIDP based on total weight of the final treated product will give excellent control against bacteria and mold organisms. For certain items which may be subjected to extended outdoor weathering, a level of 2.5% should be evaluated.

Do not use MICROPEL 2 DIDP where the treated plastic materials can come in contact with humans or pets or be used as food or feed packing material or as food contact surfaces.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risks of use and/or handling of this material when such use and/or handling is contrary to label.
