NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit every time all data required for registration, reregistration or your product under FIFRA sec. 3(c)(1) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- Add the phrase "EPA Registration No. 45745-1."
- The statement "Only for sale to, use, and storage by service persons" must be in boldface type size 12 in the "Keep out of Reach of Children" statement (first panel). Refer to the enclosure "New label" for more complete requirements.
- Revise your disposal statement to read:

PROHIBITIONS

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL, OPEN DUMPING IS PROHIBITED.

PESTICIDE DISPOSAL

Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved state procedures under Subtitle C of the Resource Conservation and Recovery Act.

CONTAINER DISPOSAL

For Metal Containers:

BEST AVAILABLE COPY

Triple rinse (or equivalent.) Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.

For Plastic Containers:

Triple rinse (or equivalent.) Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by state and local authorities.

The heading "STORAGE AND DISPOSAL" must be of the same type size as the child hazard warning statement.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

THIS DISINFECTANT reduces the surface tension of water, improving its wettability. Microbes are capable of mass reproduction in surface pores, scratches and cracks of surfaces. The excellent wettability of THIS PRODUCT improves the penetration of the use solution into areas that otherwise might not be reached.

THIS DISINFECTANT is effective against a wide variety of gram-positive and gram-negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin. Has a pleasant lemon odor.

THIS DISINFECTANT mixes with water to form clear, colorless solutions. Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetic, enamel, tile, and most common metals.

**USE DIRECTIONS
GENERAL CLASSIFICATION**

This product is for general use. Use this product in a manner consistent with its labeling.

APPLICATION INFORMATION

For the proper application of THIS PRODUCT, follow the directions below. Apply product solution with a clean mop, sponge, brush, scrubber, mechanical scrubber or mechanical cleaning device.

For general cleaning, saturate surface. Do not reuse solution. For general cleaning, saturate surface. For disinfection, saturate the surface. For disinfection of treated surfaces, do not re-use solution for at least 10 minutes to insure proper wetting action. If disinfected surfaces require rinsing, use clean water or wiped with a clean damp cloth to remove suspended solids.

This product may be used for cleaning and disinfection of non-porous, inanimate environmental surfaces such as glass, metal, glazed porcelain, enamel, synthetic leather, vinyl, enameled and painted metal surfaces, on walls, floors, drains, and plumbing fixtures.

CLEANING

To clean and Deodorize or to Pre-clean Prior to Disinfection: Saturate surface with local level of product solution. Rinse with water. Use 1 part of THIS PRODUCT to 10 parts of water.

DISINFECTING

Hospitals, Veterinary Clinics, Nursing Homes, and Other Medically related uses. Use 1 part
