U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division 7510C
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20004

EPA Reg. Number:

45745-10

Date of Issuance:

MAR - 7 2003

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

bright pack CL-25
Alkaline Sanitizer

Name and Address of Registrant (include ZIP Code):

Midlab, Inc.
280 Industrial Park Road
Sweetwater, TN 37874

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c) (7) (A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c) (5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes before your release the product for shipment:

- a. Revise the "EPA Registration Number to read, "EPA Reg. No. 45745-10".
- b. Under the "Directions for Use" second paragraph, revise "Dissolve 1 oz. of bright pack CL-25 Alkaline Sanitizer per 10 gallons..." to read: "Dissolve 1 packet (1/4 oz.) of bright pack CL-25 per 2½ gallons..."
- c. Under the "Storage and Disposal" Statement change the heading "PESTICIE DISPOSAL" to read "PESTICIDE DISPOSAL".

Signature of Approving Official:

Robert S. Brennis, PM 32

Date:

MAR - 7 2003

3. The registered product must have the accepted label properly affixed. If the packets are too small to include all labeling, then you must ensure that each packet provides:
 1. Product name
 2. Ingredient statement
 3. The "DANGER" signal word
 4. The statement "Keep Out of Reach of Children"
 5. The EPA Registration Number 45745-10
 6. The statement "See Outer Container for additional precautions and directions for use"
 7. Container disposal statement
 8. Net Contents Statement
 9. Name and address of registrant and/or distributor

4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

4/5

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Corrosive: Cause irreversible eye damage. May be fatal if inhaled. Causes skin irritation. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Wear goggles or face shield. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARD

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your local State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD

STRONG OXIDIZING AGENT. Contact with water slowly liberates irritating and hazardous chlorine containing gases. Decomposes at 460°F to 480°F with liberation of harmful gases. Will burn with the evolution of chlorine and equally toxic gases.

Mix only with water. Use clean, dry utensils. **DO NOT** add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic material, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible fire and explosion.

IN CASE OF FIRE:

If possible, isolate container in open air or well ventilated area. Flood with large volume of water.

IN CASE OF CONTAMINATION OR DECOMPOSITION: DO NOT reseal container.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration as allowed by state and local authorities. Rinse empty container with water and dispose of in the same manner.

PESTICIE DISPOSAL: Wastes of this pesticide may cause irreversible eye damage and burns to skin and may be dangerous. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

bright pack CL-25 is recommended for use in hospitals, restaurants, breweries, dairies and food processing plants. bright pack CL-25 Alkaline Sanitizer is intended for use on hard (non-porous) surfaces, on dishes, glasses, or food processing equipment or utensils including dairy and brewery equipment or utensils.

Clean object to be sanitized with a suitable hard surface cleaner and rinse well with portable water. It may be necessary to remove gross filth and heavy soil from surface by pre-scrape, pre-flush and where necessary, a pre-soak treatment. Dissolve 1 oz. of bright pack CL-25 Alkaline Sanitizer per 10 gallons of water to give a solution containing 100 ppm available chlorine. Apply the sanitizing solution to the surface to be sanitized by immersion, flooding, or spraying to wet all surfaces thoroughly. Let stand at least one minute. Drain and air dry.

The same solution may be used in the feed tanks of immersion or spray type machines providing at least one minute contact time to sanitize dishes, glasses, food processing equipment and utensils.

The sanitizing solution should be used promptly after mixing. It should be prepared daily or more often if it becomes dilute or soiled. If the solution is allowed to stand and/or continued use shows the level of chlorine has not been maintained add more bright pack CL-25 Alkaline Sanitizer to maintain a use solution of 100ppm available chlorine.

For mechanical operations, the prepared and spent use solution may not be reused for sanitizing but may be used for other purposes such as cleaning.
