NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration No. 45898-21."
  - b. The company's name as declared on your application form must be declared on the label. Use the full company name.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Algaecide keeps pool water free and sparkling, clear of visible green and bluegreen algae, slime and green-brown colors.

- DIRECTIONS FOR USE -

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Algaecide should be added along pool edges while filter and pump are in operation. To allow time for even distribution in pool water, swimmers should allow 10 minutes after treatment before entering pool.

Initial Application (Original Filling) - add one quart Algaecide to each 12,500 gallons of water, or ratio thereof.

Continued Application - add one fourth of a quart or 8 ounces Algaecide in each 12,500 gallons of water, every 3 to 5 days or as needed to maintain 2 ppm active. Quaternary Test Kits are available for this use.

Booster Application - add one fourth of a quart or 8 ounces Algaecide in each 12,500 gallons of water after a heavy or prolonged rainfall or when there is a heavy swimming load.

The above directions should be followed even when the pool is not in use. Algaecide may be stored for prolonged periods of time without losing its effectiveness or strength.
