Robert L. Rod
Rod Products Company
4600 Glencoe Ave., No. 4
Marina del Rey, CA 90292-6363

Dear Mr. Rod:

Subject: Doo-Not Dog & Cat Repellent
EPA Registration No. 45987-1
Submission dated August 8, 1994 requesting the removal of certain
precautionary statements

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following changes to your label:

1. The signal word and the warning for children should be on separate lines with the children's warning above the signal word. The proposed label, in which there is a colon after the signal word followed by the children's warning, implies that it is there only for children, rather than as the overall signal word for the product. The label should read as follows:

**KEEP OUT OF REACH OF CHILDREN
CAUTION
SEE ADDITIONAL PRECAUTIONARY STATEMENTS ON BACK PANEL**

2. Submit one copy of your final printed labeling before you release the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions. A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Robert A. Forrest
Product Manager (14)
Insecticide-Rodenticide Branch
Registration Division (7505C)

Enclosure

age is full when packed, but due to its
nature the material is inclined to settle

NET WEIGHT: 2.5 LBS.
U.S. PATENT NO. 3,923, 997

RÖD PRODUCTS CO.
4600 GLENCOE AVE., #4
MARINA DEL REY, CA 90292

DIRECTIONS FOR USE

It is a violation of federal law to use this
product in a manner inconsistent with its
labeling.

DOGS: Remove old fecal deposits and
then sprinkle granules evenly over area at
the rate of 1 lb. per 800 ft. for light infes-
tations and 1 lb. per 100 sq. ft. for heavy
infestations. Do not place in piles. Retreat
after rains and at least once per week until
defecating stops. Resume treatment if
problem recurs.

CATS: Remove local material. Remove
contaminated dirt. Fill any holes associ-
ated with defecation. If cats have defecated
on concrete or other hard surfaces, wash
and rinse these areas. Sprinkle DOO-NOT
on the affected areas at a rate of 1 lb. per
100 sq. ft. Retreat at least once per week
until unwanted behavior stops. Resume
treatment if problem recurs.
