

#1 AMERICA'S REPELLENT

ASSISTS IN KEEPING PROPERTY CLEAN & ODOR FREE

This effective product discourages dogs from relieving themselves on lawns, flowerbeds, driveways or sidewalks. Repel® discourages cats from defecating in flower gardens and elsewhere.

See Directions for Use on side panel for complete instructions for using this product.

Precautionary Statement

Hazards to Humans and Domestic Animals:

Caution: Prolonged or frequently repeated skin contact may cause allergic reactions on some individuals.

Storage and Disposal

Storage: Store only in original container, in a dry place inaccessible to children and pets.

Disposal: Do not reuse container. Crush, securely wrap in newspaper and discard in trash.

Limited Warranty and Disclaimer. Buyer assumes all risk of use, storage or handling of this material not in strict accordance with label directions and usage. In no event shall Seller's liability exceed the purchase price of this product.

This package is sold by weight and package is full when packed, but due to its nature the material is inclined to settle.

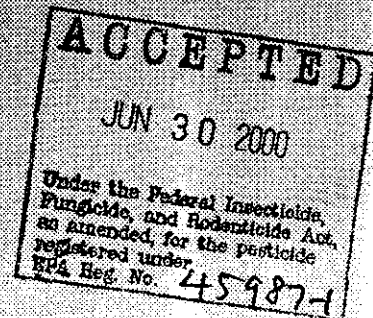

REPEL® II DOG & CAT REPELLENT

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Dogs: Remove old fecal deposits and then sprinkle granules evenly over area at the rate of 1 pound per 800 square feet for light infestations and 1 pound per 100 square feet for heavy infestations. Do not place in piles. Retreat after rains and at least once per week until defecating stops. Resume treatment if problem recurs.

Cats: Remove fecal material. Remove contaminated dirt. Fill any holes associated with defecation. If cats have defecated on concrete or other hard surfaces, wash and rinse these areas. Sprinkle Repel on the affected areas at a rate of 1 pound per 100 square feet. Retreat at least once per week until unwanted behavior stops. Resume treatment if problem occurs.
