U.S. ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDE PROGRAMS
1200 Pennsylvania Ave., N.W.
Washington, DC 20460-0001

EPA Reg. Number
45987-2

Date of Issuance
SEP 24 2004

Term of Issuance
Unconditional

Name of Pesticide Product
Rodspray Fly,
Cockroach & Ant Killer

NOTICE OF PESTICIDE
 Registration
 X Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Rod Products Company, Inc.
c/o Reg West Company
30856 Rocky Road
Greeley, CO 80631-9375

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or approval of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Limonene Reregistration Eligibility Decision document, EPA has reregistered the product listed above. This action is taken under the authority of sec. 4(g)(2)(C) of FIFRA. Reregistration under this section does not eliminate the need for continued reassessment of pesticides. EPA may require submission of data any time to maintain the registration of your product.

The labeling submitted in connection with reregistration under the FIFRA is acceptable. A stamped copy of the draft label is enclosed for your records. Submit one (1) copy of your final printed labeling before you release the product for shipment. Should you have any questions, do not hesitate to contact the reviewer of this product, Mr. S. Oonnithan at 703-605-0368.

Rodspray Fly, Cockroach and Ant Killer

Kills & Repels Ants, Roaches, Flies & Fleas Indoors & Outdoors

Use around food, children, pets & fish

Kill insects in kitchens, schools, hospitals, apartments, restaurants & food factories

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Two-Way Sprayer: Turn nozzle to **stream** for crack and crevice applications. Turn nozzle to **spray** for surface applications or to kill flying insects.]

Indoors

Ants, Roaches & Flies: In a well-ventilated room, with nozzle pointing away from your face, spray to sufficiently wet, kill and then repel crawling ants, roaches and other listed insect pests in homes, restaurants, hospitals, schools, food processing establishments and elsewhere. Spray kitchen cabinets, drawers and closets, under sinks and into wall and floor cracks and crevices. Use in both edible and non-edible product areas of Federally-approved meat, poultry and egg producing establishments. Kill flies and mosquitoes in the air and on all surfaces attracting them using the wide-spray nozzle setting. Reapply as needed.

Fleas: Before spraying, test a corner of fabric for compatibility. Hold container tilted down away from your face and, using the wide-spray nozzle position, spray with a sweeping side-to-side motion to kill adult fleas hidden in carpets, rugs, dog and cat bedding and under furniture. One pint (16 oz.) will kill fleas on contact over a 200 sq. ft. area. Reapply as needed.

Outdoors

Crawling & Flying Pests: Hold container upright. Spray away from your face sufficiently to wet, kill and then repel crawling ants (including fire ants), roaches, spiders, flies, "no-see-ums" and mosquitoes in the air and on surfaces. Thoroughly spray around windows and doors; wet ant trails on sidewalks, paths and buildings; and spray one foot on either side of these areas. Spray ground holes where ants live. Spray garbage cans, dumpsters and manure piles to kill on contact flies, roaches and ants and their eggs, larvae and pupae. Using the narrow-spray nozzle position, standing as far away as possible, spray liquid into hornet, wasp and yellow jacket nests. Do not spray plants.

Barbeques & Picnics: Control Pesky Insects Outdoors: Lightly spray tables, BBQs, grills, paths and grass a few minutes or so before your party starts and food is served. Spray all surfaces you wish to keep free of flying and crawling insects. Reapply as needed.

Storage and Disposal

Storage: Store container in a cool, dry place. **Disposal: If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

This product has been accepted by the U.S. Department of Agriculture for use according to label directions in official Federal meat, poultry and egg producing establishments.
