Subject: Revised Disposal Label Directions

Dear Ms. Davis:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated August 21, 2009 for:

EPA Registration 45987-2

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, call me at 703 305-5409 or electronically at daniel.dani@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Dani Daniel".

Dani Daniel
Registration Division (7505P)

Dear Ms. Arrington:

Subject: Rod Products Company, Inc.
Rodspray Fly, Cockroach and Ant Killer
EPA Reg. No. 45987-2

On behalf of **Rod Products Co., Inc.** RegWest Company, LLC is submitting the attached documents as notification of a label revision for subject product. RegWest will act as sole agent in this endeavor.

Attached are the following documents:

1. Application for Pesticide: Other (Notification)
2. One **Reference Label** (illustrating the changes)
3. Two **New Labels** (incorporating the changes)
4. Two market labels

We are updating the disposal directions per PR Notice 2007-4. No other changes are being made to the label at this time.

Please note the market label submitted herewith is that of our supplemental distributor as Rod Products does not market the product.

Please contact me at 970-353-0611 or kim@regwest.com if you have any questions or require additional information.

Regards,
RegWest Company, LLC

Kim Davis, CC, APC, Manager
Consultant/Agent

Rodspray Fly, Cockroach and Ant Killer

Kills & Repels Ants, Roaches, Flies & Fleas Indoors & Outdoors

Use around food, children, pets & fish

Kill insects in kitchens, schools, hospitals, apartments, restaurants & food factories

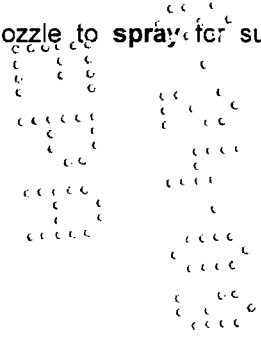

Orange Fragrance

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use caution when walking on hard floors until any applied spray has dried.

[Two-Way Sprayer: Turn nozzle to **stream** for crack and crevice applications. Turn nozzle to **spray** for surface applications or to kill flying insects.]

Indoors

Ants, Roaches & Flies: In a well-ventilated room, with nozzle pointing away from your face, spray to sufficiently wet, kill and then repel crawling ants, roaches and other listed insect pests in homes, restaurants, hospitals, schools, food processing establishments and elsewhere. Spray kitchen cabinets, drawers and closets, under sinks and into wall and floor cracks and crevices. Use in both edible and non-edible product areas of Federally-approved meat, poultry and egg producing establishments. Kill flies and mosquitoes in the air and on all surfaces attracting them using the wide-spray nozzle setting. Reapply as needed.

Fleas: Before spraying, test a corner of fabric for compatibility. Hold container tilted down away from your face and, using the wide-spray nozzle position, spray with a sweeping side-to-side motion to kill adult fleas hidden in carpets, rugs, dog and cat bedding and under furniture. One pint (16 oz.) will kill fleas on contact over a 200 sq. ft. area. Reapply as needed.

Outdoors

Crawling & Flying Pests: Hold container upright. Spray away from your face sufficiently to wet, kill and then repel crawling ants (including fire ants), roaches, spiders, flies, "no-seeums" and mosquitoes in the air and on surfaces. Thoroughly spray around windows and doors; wet ant trails on sidewalks, paths and buildings; and spray one foot on either side of these areas. Spray ground holes where ants live. Spray garbage cans, dumpsters and manure piles to kill on contact flies, roaches and ants and their eggs, larvae and pupae. Using the narrow-spray nozzle position, standing as far away as possible, spray liquid into hornet, wasp and yellow jacket nests. Do not spray plants.

Barbeques & Picnics: Control Pesky Insects Outdoors: To keep pesky insects away, lightly spray tables and outdoor furniture, BBQs, grills, paths and grass a few minutes or so before your party starts and food is served. Do not spray open flames or hot coals [and reapply as needed]. Spray all surfaces you wish to keep free of flying and crawling insects. Reapply as needed.

Storage and Disposal

Storage: Store container in a cool, dry place. **Disposal: If empty:** Non-refillable container; do not reuse or refill this container. Clean container promptly after emptying, then offer for recycling if available. Otherwise, place in trash. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

This product has been accepted by the U.S. Department of Agriculture for use according to label directions in official Federal meat, poultry and egg producing establishments.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use caution when walking on hard floors until any applied spray has dried.

INDOORS: Ants, Roaches & Flies: In a well-ventilated room, with nozzle pointing away from your face, spray to sufficiently wet, kill and then repel crawling ants, roaches and other listed insect pests in homes, restaurants, hospitals, schools, food processing establishments and elsewhere. Spray kitchen cabinets, drawers and closets, under sinks and into wall and floor cracks and crevices. Use in both edible and non-edible product areas of Federally-approved meat, poultry and egg producing establishments. Kill flies and mosquitoes in the air and on all surfaces attracting them using the wide-spray nozzle setting. Reapply as needed.

Fleas: Before spraying, test a corner of fabric for compatibility. Hold container tilted down away from your face and, using the wide-spray nozzle position, spray with a sweeping side-to-side motion to kill adult fleas hidden in carpets, rugs, dog and cat bedding and under furniture. One pint (16 oz.) will kill fleas on contact over a 200 sq. ft. area. Reapply as needed.

OUTDOORS: Crawling & Flying Pests: Hold container upright. Spray away from your face sufficiently to wet, kill and then repel crawling ants (including fire ants), roaches, flies, and mosquitoes in the air and on surfaces. Thoroughly spray around windows and doors; wet ant trails on sidewalks, paths and buildings; and spray one foot on either side of these areas. Spray ground holes where ants live. Spray garbage cans, dumpsters and manure piles to kill on contact flies, roaches and ants and their eggs, larvae and pupae. Do not spray plants.

BARBECUES & PICNICS: Control Pesky Insects Outdoors: To keep pesky insects away, lightly spray tables and outdoor furniture, BBQs, grills, paths and grass a few minutes or so before your party starts and food is served. Do not spray open flames or hot coals. Spray all surfaces you wish to keep free of flying and crawling insects. Reapply as needed.

STORAGE & DISPOSAL: Storage: Store container in a cool, dry place. Disposal: If empty: Non-refillable container; do not reuse or refill this container. Clean container promptly after emptying, then offer for recycling if available. Otherwise, place in trash. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
