Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or approval of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Limonene and Furanones Reregistration Eligibility Decision documents, EPA has reregistered the product listed above. This action is taken under the authority of sec. 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continued reassessment of pesticides. EPA may require submission of data any time to maintain the registration of your product.

The labeling submitted in connection with reregistration under the FIFRA, as amended is acceptable subject to the following comments:

1. Replace the "INSECTISAFE™ BRAND" (front panel) with "BUGCHASER™" because use of the word "Insectisafe" is misleading (40 CFR § 156.10(a)(5)(ix).
2. Delete "and more" from "Repels pesky houseflies and more" statement because you have acceptable efficacy only against houseflies.

EPA Reg. No. 45987-5 contd...

- 3. Replace "Enjoy a bug-free .... or BBQ" with "Enjoy an outdoor picnic or BBQ."
- 4. Delete "Weeks of Welcomed Protection" (front panel) and Weeks of Protection" (rear panel), as these statements are exaggeration of efficacy, which is misleading.
- 5. Delete "...and a bug free meal" (second sentence in second paragraph) under DIRECTIONS FOR USE.

A stamped copy of the label is enclosed for your records. Submit two (2) copies of the final printed label before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. Should you have any questions, do not hesitate to contact the Chemical Reviewer, Dr. S. Onnithan at 703-605-0368.

Sincerely,

### DIRECTIONS FOR USE

*It is a violation of Federal law to use this product in a manner inconsistent with its labeling.*

Remove the tablecloth from its sealed package just before use outdoors. Open it on your picnic or barbecue table or on the ground and enjoy a bug-free meal. Or, just sit on it! After use, clean it with a damp rag, refold the tablecloth when dry, and seal it in its package to retain repellency against insects for the next use. After useful fragrance and repellency disappear, the tablecloth can be replaced by a new one, or it can continue to be kept in use outdoors as a non-repellent table covering or picnic blanket.

### PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

#### CAUTION

Prolonged or frequently repeated skin contact may cause allergic reaction on some individuals

### STORAGE AND DISPOSAL

**Storage:** To maximize repellency life, store the tablecloth sealed in its original package.

**Disposal:** Put the tablecloth in the trash when no longer needed.
