US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 45987-6	DATE OF ISSUANCE MAY 3 - 1994
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)		
NAME OF PESTICIDE PRODUCT Rodspray Mosquito Larvicide		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)	
Mr. Robert Rod Rod Products Company 4600 Glencoe Avenue, No. 4 Marina del Rey, CA 90292-6363	5463763 166 18 <div style="border: 1px solid black; padding: 5px; display: inline-block;">BEST AVAILABLE COPY</div>

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 45987-6.
 - b. Revise the following statement "Hazards to Humans and Animals" to read "Hazards to Humans and Domestic Animals."
3. Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

SIGNATURE OF APPROVING OFFICIAL 	DATE MAY 3 - 1994
-------------------------------------	----------------------

Bedwards 5/3/94 A: 45987/6.1

Please note that this product constitutes a new use (mosquito larvicide) for the active ingredient white mineral oil. The Agency did not identify any additional generic data for this use. However, if the Agency requests more data for this use in the future and if your supplier does not elect to generate such data, you would be responsible for generating these data.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

RAF

Robert A. Forrest

RODSPRAY MOSQUITO LARVICIDE

PRECAUTIONARY STATEMENTS:

Hazards to Humans and Animals: CAUTION: Keep out of reach of children. Avoid breathing spray mist. Wash with soap and water if spilled on hands or clothing. In case of eye contact, flush with plenty of clean water.

Environmental Hazards: Do not apply directly to treated, finished drinking water reservoirs or drinking water receptacles.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FEATURES:

This product kills mosquito larvae and pupae in fountains, bird baths, pools, ditches, and other areas around the home and the farm yard. In many cases RODSPRAY MOSQUITO LARVICIDE can be applied directly to the surfaces of infested waters without further dilution or use of any sophisticated spraying equipment. Mixed with water, it forms a quick-breaking spray emulsion.

DOMESTIC APPLICATION:

To kill mosquitos breeding in stagnant water around the home, yard, or other affected place, apply RODSPRAY MOSQUITO LARVICIDE at a rate equivalent to 2 gallons per acre of water surface (an acre = 43,560 square feet). Pour the proper amount on to the surface being treated. The following table specifies dosage for a stated water surface area:

1 pint of RODSPRAY LARVICIDE for 2,723 square feet
1 quart of RODSPRAY LARVICIDE for 5,445 square feet
1 gallon of RODSPRAY LARVICIDE for 21,780 square feet

MOSQUITO ABATEMENT PERSONNEL:

For application by governmental mosquito abatement personnel in their mosquito abatement programs, apply 2 to 5 gallons per acre of RODSPRAY MOSQUITO LARVICIDE mixed with 20 to 50 gallons of water. Use the higher application rate when treating extremely dense vegetation. To achieve proper results, agitating means **MUST** be provided within the sprayer equipment to mix the larvicide and carrier water continuously during spraying.

Applied as directed, highest mortality is achieved within 24 hours after application under normal conditions. Reapply if necessary after 14 days. Use minimum suggested application rates when applying to waters in which fish and wildlife abound. Avoid application to man-made surfaces sensitive to mineral oils.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage and disposal.

595

Storage: Store only in original container in a dry cool place inaccessible to children.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then dispose of in a sanitary landfill or by other approved State and local procedures.
