NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 45987-7."
3. Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

RODSPRAY INDOOR-OUTDOOR CRAWLING & FLYING INSECT KILLER

KILL CRAWLING AND FLYING INSECTS INDOORS, OUTDOORS, IN HOMES, INCLUDING KITCHENS AND BATHROOMS, FACTORIES, OFFICES, RESTAURANTS, SCHOOLS, HOSPITALS, AND AROUND HUMANS AND PETS.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

INDOORS: Hold container upright 24 inches from surfaces, and spray away from your face sufficiently to wet and kill crawling roaches and ants and flying insects in all rooms, garages, and basements. Also spray thoroughly into insect hiding place surfaces, such as wall and floor cracks, moist areas, openings under and around kitchen and bathroom sinks, pipes, and appliances, baseboards, kitchen cabinets, drawers, and closets. Spray on inside window glass and surfaces in other warm places indoors that attract and harbor flies.

OUTDOORS: Hold container upright 24 inches from surfaces, and spray away from your face sufficiently to wet and kill crawling ants, cockroaches, and flying insects. To break up ant trails on sidewalks, paths, and buildings, spray ants thoroughly along the entire path and all surfaces up to one foot either side of the trail. Repeat this treatment a second time if ants reappear on the same trail a few days later. Liberally spray and thoroughly wet manure heaps, compost piles, and insect-attracting garbage pails and dumpsters to kill flies, roaches, and ants and their eggs, larvae, and pupae on contact. Avoid spraying bees, ladybugs, butterflies, grasshoppers, and beneficial non-target insects.

BARBECUES & PICNICS: Enjoy your barbecue, outing, or picnic by first spraying the chosen patio, grills, grass, ground surface, outdoor tables and chairs a few minutes or so before your party starts. Direct the spray away from your face 24 inches toward all surfaces you wish to keep free of crawling and flying insects.

PRECAUTIONARY STATEMENTS:

STORAGE AND DISPOSAL:

STORAGE: Store can in a dry place inaccessible to children.

DISPOSAL: Empty can may be recycled at an aerosol recycling center if available. If recycling is not available, securely wrap the empty can in newspaper and discard in trash.

PHYSICAL/CHEMICAL HAZARDS:

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
