Ms. Kim Davis  
RegWest Company, LLC  
30856 Rocky Road  
Greeley, CO 80631-9375

Authorized agent for Rod Products Co., Inc.

Dear Ms. Davis:

Subject: Rodspray Indoor-Outdoor Crawling Insect Killer  
EPA Registration Number 45987-9  
Submission dated 7/14/2010  
Revised label

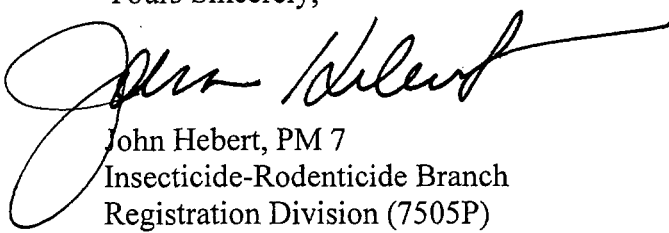

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the following comment:

Move the heading PRECAUTIONARY STATEMENTS so that it is above the First Aid statement.

A stamped copy of the label is enclosed for your records. Submit two (2) copies of the final printed label before you release the product for shipment bearing the revised labeling.

If you have any questions, please contact Rita Kumar at (703) 308-8291, or [kumar.rita@epa.gov](mailto:kumar.rita@epa.gov).

Yours Sincerely,

  
John Hebert, PM 7

Kills ants, fleas and spiders\* indoors and outdoors

May be Used Around Food, Humans and Pets

Kill insects in kitchens, schools, hospitals, apartments, restaurants and food factories

Orange Fragrance

2/3

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Restriction:** Do not spray plants, animals or food.

**Two-Way Spray:** Press button *very lightly* to get a narrow stream for insects hiding in cracks and crevices. Press *firmly* for a fine mist to spray surfaces where the listed insect pests crawl. Pests must be directly sprayed in order to be killed.

### Indoors

**To Kill Listed Crawling Pests:** In a well-ventilated room, with nozzle pointing away from your face, directly spray pests that you see. May be used in structures such as homes, restaurants, hospitals, schools and food processing establishments. Specific sites where these pests may be found include kitchen cabinets, drawers and closets, under sinks and in wall and floor cracks and crevices. May be used in both edible and non-edible product areas of Federally-approved meat, poultry and egg producing establishments.

**To Kill Fleas:** Before spraying, test a corner of fabric for compatibility. Hold container tilted down away from your face and with a sweeping side-to-side motion spray carpets, rugs, dog and cat bedding and under furniture. Fleas contacted with the spray will be killed. One 15 oz. container treats 200 sq. ft. [One 12 oz. container treats 160 sq. t. {or other appropriate conversion based on container size}]

### Outdoors

**To Kill Listed Crawling Pests Outdoors, Including Barbeque and Picnic Areas:** Hold container upright. Spray away from your face sufficiently to wet ants and spiders\* that you see. Specific areas where you see these pests include outside buildings, windows, doors and sidewalks.

### Storage and Disposal

**Pesticide Storage:** Store container in a cool, dry place. **Pesticide Container/Disposal:** Non-refillable container; do not refill or reuse this container. Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

{Batch Code/Lot Number will appear either on the label or the container per PR Notice 2007-4.}

\*Except in California

### First Aid

**If Swallowed:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person.

**Note to Physician:** Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

## PRECAUTIONARY STATEMENT

### Physical or Chemical Hazards

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

This product has been accepted by the U.S. Department of Agriculture for use according to label directions in official Federal meat, poultry and egg producing establishments.
