OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Karen S. McLead
Suncoast Chemicals Company
14480 62nd St. N.
Clearwater, Fl. 33760

SUBJECT: December 17, 2003 Label Amendment
All In One Algaecide
EPA Registration 46043-4

Dear Ms. McLead:

The amendment referred to above, submitted in connection with registration of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is conditionally acceptable provided the following changes are made:

Place the First Aid treatment regimen in the following descending order: Eyes, Skin, Swallowed, Inhaled.

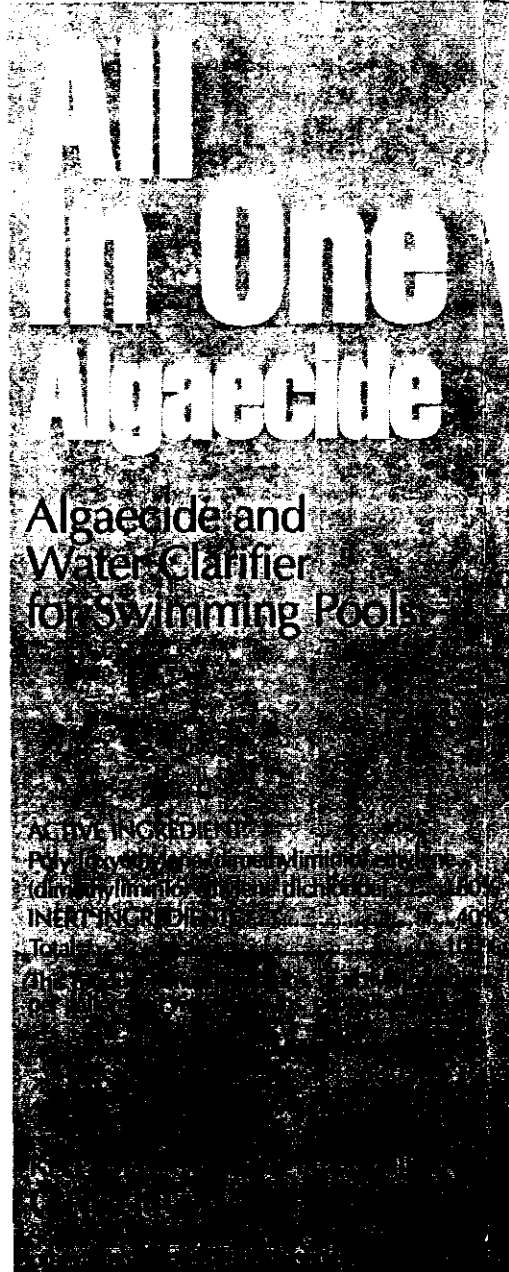

In summary, your request to change the weekly maintenance dosage from 3 ounces to 4 ounces is acceptable. A copy of your conditionally accepted stamped label is enclosed. Please submit a copy of your finished label to this office for our files. If you have any questions regarding this letter, please contact Tom Luminello of my staff at (703) 308-8075.

Sincerely yours,

A handwritten signature in black ink that reads "Tom Luminello".

1 Quart
(32 fl.oz.)

This product kills algae and clears the water in your swimming pool without requiring pool closing and without foaming.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

VISIBLE ALGAE GROWTH: 16 oz of this product per 10,000 gallons of pool water.
INITIAL CLEAN WATER TREATMENT: 9 oz. of this product per 10,000 gallons of pool water.
MAINTENANCE: 4 oz. of this product per 10,000 gallons of pool water weekly.

Pools containing heavy algae growth should be cleaned prior to using this product. 24 hours after treating visible algae growth, algae debris should be removed by standard cleaning procedures. Dilute this product with at least nine parts water before applying. Pour required amount of this product into plastic watering can and fill with water. Maintaining constant pool circulation, sprinkle solution around the edge of the pool.

IMPORTANT NOTE: Always apply chemicals separately. Never combine them.

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID	
IF SWALLOWED: 3	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN: 2	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED: 4	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth. Call a poison control center or doctor for further treatment advice.
IF IN EYES: 1	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.	
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.	

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

STORAGE AND DISPOSAL
STORAGE: Do not contaminate water, food, or feed by storage or disposal. Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.
DISPOSAL: Do not reuse empty container. Wrap container and place in trash.
