net contents
 2 lbs.

DIRECTIONS FOR USE:
 IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

- Severe algae growth such as black algae is resistant to normal chlorine levels and most liquid algaecides. This product is an extremely powerful algaecide and bactericide formulated specifically to kill problem algal growth.
- 1) For best results, adjust the pH level of the water to 7.2-7.6.
 - 2) Before using this product, turn off your pool pump and remove any automatic pool cleaner.
 - 3) Brush algae growth with a pool brush specifically designed for this purpose. Carefully sprinkle SPOT OUT directly over the algae growth (see chart below). Use care to prevent skin contact. The slow dissolving characteristic of this product allows concentrated chlorine to attack the growth and destroy it. During treatment process, the water should remain undisturbed for several hours before turning on pool pump. **DO NOT USE THE POOL FOR AT LEAST 24 HOURS OR UNTIL THE CHLORINE RESIDUAL HAS DROPPED TO 3 ppm OR LESS.**
 - 4) Brush algae spots daily. A second application may be required.

FREQUENT USE OF THIS PRODUCT MAY DAMAGE POOL FINISH; CONSULT YOUR PROFESSIONAL POOL DEALER. DO NOT USE THIS PRODUCT IN VINYL OR PAINTED POOLS AS DISCOLORATION OF THE FINISH MAY OCCUR.

Pool Volume	Spot Out	Pool Volume	Spot Out	Pool Volume	Spot Out
5,000 Gallons	8 Ounces	15,000 Gallons	1.5 Pounds	30,000 Gallons	3 Pounds
7,500 Gallons	12 Ounces	20,000 Gallons	2 Pounds	40,000 Gallons	4 Pounds

PRECAUTIONARY STATEMENTS:
Hazards to humans and domestic animals.
DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Do not handle with bare hands. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.
ENVIRONMENTAL HAZARD: This product is toxic to fish and aquatic organisms.
PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent. Mix only into water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Avoid contact with open flame or burning material such as lighted cigarette. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water if necessary.

FIRST AID	
IF SWALLOWED:	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth. Call a poison control center or doctor for further treatment advice.
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.	
NOTE TO PHYSICIANS: Probable mucosal damage may contraindicate the use of gastric lavage.	

STORAGE: Keep product dry in a tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flames. Do not reuse empty container.

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP (800-253-2687) for disposal instructions. Never place unused product down any indoor or outdoor drain.
