This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Dated: April 2, 2009

#### **DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Severe algae growth such as black algae is resistant to normal chlorine levels and most liquid algaecides. This product is an extremely powerful algaecide and bactericide formulated specifically to kill problem algal growth.

- 1) For best results, adjust the pH level of the water to 7.2-7.6.
- 2) Before using this product, turn off your pool pump and remove any automatic pool cleaner.
- Brush algae growth with a pool brush specifically designed for this purpose. Carefully sprinkle SPOT OUT directly over the algae growth (see chart below). Use care to prevent skin contact. The slow dissolving characteristic of this product allows concentrated chlorine to attack the growth and destroy it. During treatment process, the water should remain undisturbed for several hours before turning on pool pump. DO NOT USE THE POOL FOR AT LEAST 24 HOURS OR UNTIL THE CHLORINE RESIDUAL HAS DROPPED TO 3 ppm OR LESS.
- 4) Brush algae spots daily. A second application may be required.

FREQUENT USE OF THIS PRODUCT MAY DAMAGE POOL FINISH. CONSULT YOUR PROFESSIONAL POOL DEALER. DO NOT USE THIS PRODUCT IN VINYL OR PAINTED POOLS AS DISCOLORATION OF THE FINISH MAY OCCUR.

<b>Pool Volume</b>	Spot Out

#### PRECAUTIONARY STATEMENTS:

Hazards to humans and domestic animals.

**DANGER.** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Do not handle with bare hands. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

## **ENVIRONMENTAL HAZARD:**

{For less than 5 gallons:} [This pesticide is toxic to fish and aquatic organisms.]

{For 5 gallons or larger:} [This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board of Regional Office of EPA.]

## PHYSICAL AND CHEMICAL HAZARDS:

Strong oxidizing agent. Mix only into water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Avoid contact with open flames or burning material such as lighted cigarette. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water if necessary.

FIRST AID				
IF SWALLOWED:	Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by			
	mouth to an unconscious person.			
IF ON SKIN:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.			
IF INHALED:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth. Call a poison control center or doctor for further treatment advice.			
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.			
HOTLINE NUMBER				
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency treatment information.				
NOTE TO PHYSICIAN:				
Probable mucosal damage may contraindicate the use of gastric lavage.
