RE: Notification of Correction of Typo on Label #46043-24 (Suncoast Algaecide 30)

Dear Sir or Madam:

Please accept this Notification to correct a typo in the ingredient on the Suncoast Algaecide 30 (46043-24) label.

The ingredient currently reads:

Poly[oxyethylene(dimethyliminio)ethylene dichloride]

The ingredient is corrected to read:

Poly[oxyethylene(dimethyliminio)ethylene(dimethyliminio)ethylene dichloride]

Enclosed with this letter is a signed EPA Application for Pesticide form and a copy of the Algaecide 30 label, corrected as noted.

Thank you for your assistance.

Sincerely,

A handwritten signature in black ink, appearing to read "Kathy Kollen", written over a horizontal line.

Kathy Kollen
EPA Coordinator

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Algaeicide 30 is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs, decorative fountains, and ponds that do not contain fish. For maximum effectiveness pools, spas, whirlpools, hot tubs, decorative fountains, and ponds containing heavy growth of algae should be cleaned prior to using Algaeicide 30. For pools having just visible algae growth add an initial dose of 24 to 36 fluid ounces of Algaeicide 30 per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filtered pool add initially 13 to 24 fluid ounces of Algaeicide 30 per 10,000 gallons of water. Subsequent additions of 4 to 9 fluid ounces of Algaeicide 30 should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs, decorative fountains, and ponds having just visible algae growth require an initial dose of 2 to 4 ounces of Algaeicide 30 per 1,000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of Algaeicide 30 should be made every 5 to 7 days after initial treatment for maintenance. Algaeicide 30 will prevent growth of most algae during the off-season winter months when pools are not in use. For pools, which have been properly treated during the swimming season and are free of visible algae, add 13 to 21 fluid ounces of Algaeicide 30 per 10,000 gallons of water. If at the end of swimming season pools have some visible algae growth, add 25 to 37 fluid ounces per 10,000 gallons. It is necessary that a uniform distribution of algaeicide, throughout the water and the pool be made for maximum effectiveness. If pool is not covered, it may be necessary to repeat the treatment one or more times during the season.

Algaeicide 30 is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. Algaeicide 30 can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix Algaeicide 30 with concentrated dry or liquid chlorine products.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

| FIRST AID | |
|---|---|
| IF IN EYES | <ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. |
| IF ON SKIN, CLOTHES | <ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. |
| IF SWALLOWED | <ul style="list-style-type: none"> Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water, if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. |
| IF INHALED | <ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. |
| HOTLINE NUMBER: | |
| Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information. | |
| NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. | |

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of waste. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Keep container closed when not in use. Leaking or damaged containers should be placed in plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.
DISPOSAL: Do not reuse empty container. Wrap container and place in trash.
