

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

46043-26

APR 21 2005

Term of Issuance:

Conditional

Name of Pesticide Product:

Super Green Algaecide

NOTICE OF PESTICIDE:

- Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

ATTN: Ms. Karen McLead
Suncoast Chemicals Company
14480 62nd Street North
Clearwater, FL 33760

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 46043-26".
 - b. Replace the statements above the "Directions for Use heading" with a "Chemical Hazards" heading along with the statements, "Do not mix this algicide with soap or other cleaners. Do not premixed with other water treating chemicals. These chemicals must be handled separately," to the label
 - c. Revise the second sentence in the first paragraph under the directions to state "the appropriate amount of product must be added by pouring directly into the pool along the edges while the filter and pump are in operation. To allow time for even distribution in pool water, bathers must allow 10 minutes after treatment before entering the pool."

Signature of Approving Official:

Adam Heyward
Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510C)

Date:

APR 21 2005

- d. Under the "Directions for Use" add the subheading, "Initial Application" and the following statements:

(Free of Visible Algae/Start of Season): Apply 2 oz of this product per 5,000 gallons of pool water (or equivalent) under sunny conditions for most effective results.

If algae growth is visible: Apply initial dose, then vacuum pool after 24 hours to remove dead algae.

If pool is heavy with algae growth, first brush algae spots, vacuum, clean and scrub the pool walls. Apply initial dose, then vacuum remaining algae debris.

- e. Add "Maintenance Dose" directions by stating "Apply 1 oz of product per 5,000 gallons of pool water (or equivalent) every 5 to 7 days. Note: After heavy or prolonged rainfall, high prevailing temperatures, or heavy swimming use, add the maintenance dose more frequently."
- f. Revise the "Precautionary Statements" to state "Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco."
- g. According to PR Notice 2001-1, the "First Aid" statements must be revised with the route of exposure of most concern as supported by the toxicity classification listed first. Therefore, reorganize the First Aid Statements to read "If Swallowed, If On Skin or Clothing, If in Eyes, then If Inhaled."
- h. The Agency has asked registrants to begin submitting "Master" labels which contain all the claims, use sites, directions, storage/disposal statements, and environmental hazard statements on one label. Based on the "Application for Pesticide," this product is sold in containers ranging from one pint to 5 gallons. You must revise your label to bring it into compliance with the above criteria for a "master label by addressing the following comments:

(containers less than 5 gallons)

Environmental Hazards: Proposed label statements are acceptable.

(containers greater than 5 gallons)

Environmental Hazards: This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

(1 gallon containers or less)

Storage and Disposal: Proposed label statements are acceptable.

(Containers greater than 1 gallon)

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in original container in a locked storage area inaccessible to children and persons unfamiliar with its use..

Pesticide Disposal: Pesticide Wastes are acutely hazardous. Improper disposal of excess pesticide, spray, or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not reuse empty container. Triple rinse(or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

- 3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of this product constitutes acceptance of these conditions.

A stamped label is enclosed for your records. If you have any questions regarding this letter, please contact Jacqueline McFarlane at (703) 308-6416.

Sincerely,

Adam Heyward

Under the Federal Insecticide, Fungicide, and Rodenticide Act as registered under EPA Reg. No. 46043-26
Algaecide

ACCEPTED
with COMMENTS
EPA Letter Dated:
APR 21 2005

This product is made especially to control growth of algae in all types of swimming pools. Its long lasting action will control existing algae and subsequent doses will control recontamination by algae. Treated water can be used immediately... no waiting.

PRECAUTIONARY STATEMENTS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product comes concentrated. Dilute with at least nine parts of water before applying. Pour required amount into a plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment to a freshly filled pool or at first visible signs of algae growth. Apply under sunny conditions for most effective results. Rinse empty container thoroughly with water and discard it.

Dilution Chart for Swimming Pools		
Swimming Pool Capacity	Initial Treatment	Treatment Once Every Two Weeks
5,000 Gal.	2 Ounces	1 Ounce
10,000 Gal.	4 Ounces	2 Ounces
20,000 Gal.	8 Ounces	4 Ounces

IMPORTANT NOTICE: Always apply chemicals separately. Never combine them.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: May cause skin sensitization reactions in certain individuals. Do not get on skin, eyes or clothing. Harmful if swallowed.

FIRST AID:

IF IN EYES: Hold eyelids open and rinse slowly with water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

GENERAL HAZARD PRECAUTIONS

This pesticide is toxic to fish.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Store in original container in cool, dry place. Do not reuse empty container. Wrap and put in trash.
