Douglas Thiele
Innovative Chemical Corporation
55 Woodridge Drive
Amherst, NY 14228

Dear Mr. Thiele:

Subject: Response to PR Notice 91-4 - DEET LIP
American Trail Insect Repellent
EPA Reg. No. 46075-1
American Trail Insect Repellent LOTION
EPA Reg. No. 46075-2
Submissions: February 18, 1992

The labeling for EPA Reg. No. 46075-2, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

You must change the EPA Reg. No. 46075-2 label name to American Trail Insect Repellent Lotion. Without lotion in the name, the name for this product would be the same as an already existing product (EPA Reg. No. 46075-1), which is not allowed.

When you print your next labels for both of these products, please place the Precautionary Statements Heading over the Hazard to Humans Domestic Animals Heading on these labels.

Sincerely,

RFM

Richard F. Mountfort
Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (H7505C)

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING Harmful if swallowed. Do not apply over
cuts, wounds, irritated or sunburned skin. Do not
apply to eyes and mouth and do not apply to the
hands of young children. In case of contact with eyes,
flush with plenty of water. If irritation persists, con-
tact physician. Do not use under clothing. Do not
expose treated surfaces to fire or flame. Use of this
product may cause skin reactions in rare cases. If
you suspect that you or your child is reacting, wash
treated skin and call your local poison control center.
If you go to a doctor, take this repellent with you.
KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS It is a violation of
Federal Law to use this product in a manner incon-
sistent with its labeling.

DIRECTIONS FOR USE: To repel insects listed on the
front panel. Apply as lotion to all exposed areas. Use
sparingly, 2-4 drops per application. Repeat as
needed. Use just enough repellent to cover exposed
skin and/or clothing. Avoid overexposure. Frequent
reapplication and saturation is unnecessary for effec-
tiveness. Avoid contact with synthetic fabrics such
as acetate and rayon. For ticks and chiggers. Also
apply to shoe tops, socks and around openings in
clothing. After returning indoors, wash treated skin
with soap and water. Wash treated clothing.

STORAGE AND DISPOSAL Storage: store upright
in a cool, dry area away from heat or open flame.
Disposal: do not reuse empty container. Wrap con-
tainer and put in trash collection.

DREN**

PRECAUTIONARY STATEMENTS It is a violation of Fed-
eral Law to use this product in a manner inconsistent
with its labeling.

DIRECTIONS FOR USE: To repel insects listed on the
front panel. Do not spray in enclosed areas. Hold con-
tainer upright 4 to 8 inches from skin or clothing and
spray. For maximum protection, spread evenly with
hand to moisten exposed skin. Do not spray directly on
face. To apply to face, spray in palm of hand and spread
sparingly to face and neck. Avoid contact with synthetic
fabrics such as acetate and rayon. Apply along openings
of clothing such as inside of neck band, fly and cuffs of
trousers, tops of socks and eyelets of shoes. Use just
enough repellent to cover exposed skin and/or clothing.
Avoid overexposure. Frequent reapplication and satura-
tion is unnecessary for effectiveness. After returning
indoors, wash treated skin with soap and water. Wash
treated clothes.

STORAGE AND DISPOSAL Storage: store upright in a
cool, dry area away from heat or open flame. Disposal:
do not reuse empty container. Wrap container and put
in trash collection.
