401 M St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
46155-2

Date of Issuance:
- - 8

Term of Issuance:
Conditional

Name of Pesticide Product:
Timberlife

NOTICE OF PESTICIDE:
 Registration
 Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Blue Ridge Talc Co.
State Route 606
Box 39
Henry, VA 24102

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes listed below before you release the product for shipment:

- a. Add the phrase, "EPA Reg. No. 46155-2".
- b. In the ingredient statement add the substatement:

Contains Petroleum Distillates

Signature of Approving Official:

151

Date:

page 2

EPA Reg. No. 46155-2

c. Since this product is a wood preservative, you may delete "Do not apply directly to water" in the Environmental Hazard Section.

3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes substantial but temporary eye injury. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not breathe vapor or mist. Wear a mask or pesticide respirator jointly approved by the Mining Enforcement and Safety Administration and the National Institute for Occupational Safety and Health. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STATEMENT OF PRACTICAL TREATMENT: *In case of skin contact, wash promptly and thoroughly with soap and water. Get medical attention. If product gets in eyes, flush immediately with copious amounts of clean, cool water for 15 to 20 minutes. Get medical attention immediately. If product is swallowed, call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. If inhaled, remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.*

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Timberlife is a clear, water repellent wood preservative, designed to protect wood against decay, stain-causing fungi and surface mold. In addition, Timberlife has been especially formulated to penetrate into wood and repel water which will reduce swelling and shrinking and increase dimensional stability and protection against the elements.

Examples of typical uses include wood siding, outdoor furniture, patios and decks, and fences. Timberlife can be applied by brush, spray, immersion, or vacuum/pressure impregnation.

When applying Timberlife by brush or spray for uses that do not call for subsequent finishing with a paint or varnish, two applications of Timberlife are recommended for optimum performance.

When applying Timberlife by immersion, a 24 - 48 hour soak is recommended. For certain applications a 3 - 5 minute dip may provide adequate protection.

Since Timberlife penetrates into the wood and does not form a true film, it will not crack, blister, or peel. Exposure to the elements will cause the gradual natural erosion and allows for easy reapplication. Reapplication is recommended each 2 to 3 years to assure optimum results.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Store in cool place. Leaking or damaged containers should be placed in a plastic bag and be discarded in trash. All pesticide should be kept out of reach of children and stored away from food.

DISPOSAL: Do not reuse empty can. Wrap and place in trash.
