NI-PRO, INC.
Plant #11

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS
DANGER: Corrosive. Will cause severe skin and eye irritation or chemical burns to broken skin. Do not get in eyes, on skin or on clothing. Wear goggles or face shield when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waterways unless in accordance with a NPDES permit. For guidance contact the regional office of the U.S. Environmental Protection Agency.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Mix only with water according to label directions. Mixing this product with organic materials (grease, feces, etc.) or chemicals (e.g., ammonia, acids, detergents, etc.) will release chlorine gas which is irritating to eyes, lungs and mucous membranes.

STORAGE AND DISPOSAL

Store this product in a cool, dry area away from direct sunlight or heat. Avoid fire or flame. In case of spill, flood area with large quantities of water. Product or residue that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not reuse container but place in trash immediately. Do not contaminate water, food or feed by storage or disposal. Wash thoroughly after use.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

DIRECTIONS FOR SANITIZING FOOD PROCESSING OR DAIRY EQUIPMENT

For sanitizing equipment, use the recommended amount of product per gallon of water. The amount of water used should be sufficient to cover the entire surface to be sanitized. Mix the product with water and apply to the surface to be sanitized. Allow the solution to remain on the surface for the recommended time. Rinse thoroughly with water. Do not use this product on equipment that will come in contact with food or feed. Do not use this product on equipment that will be used for the storage of food or feed.

NOTE: This product is regulated with regard to use on food contact surfaces. It is not intended for use on food contact surfaces.

DIRECTIONS FOR DISINFECTION OF POTABLE WATER FOR HOME WELL WATER SYSTEMS

For disinfection of potable water, use the recommended amount of product per gallon of water. The amount of water used should be sufficient to cover the entire surface to be disinfected. Mix the product with water and apply to the surface to be disinfected. Allow the solution to remain on the surface for the recommended time. Rinse thoroughly with water. Do not use this product on equipment that will come in contact with food or feed. Do not use this product on equipment that will be used for the storage of food or feed.
