Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided that you:

Make the following label changes before you release the product for shipment:

1. Add an asterisk after your product name at the top of the Front Panel and after "Methyl Nonyl Ketone" in the Ingredient Statement.
2. Under "INERT INGREDIENTS", add the following sentence:

*XP-20 is Easy Gardener's registered trademark for the active ingredient, methyl nonyl ketone.
3. Submit two copies of the revised final printed label for the record before you release the product for shipment.

Signature of Approving Official:

DBP

Date:

DEC 7 1999

page 2

EPA Reg. No. 46260-39

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "Accepted" is enclosed for your records.

Net Contents _____ oz.

From Australia, Easy Gardener Dog & Cat Repellent Gel with XP-20 is a new kind of repellent. Enclosed in suspended water crystals, the repellent provides continuous action by slowly releasing a strong, highly perfumed odor, confusing both dogs' and cats' senses of smell.

Easy Gardener Dog & Cat Repellent Gel with XP-20 is effective in most weather conditions. In dry weather, the moisture of the crystals is drawn into the soil. Rain may occasionally cause the crystals to grow. The repellent remains effective.

EPA DRAFT LABEL - 09/24/99

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with this labeling.

SHAKE WELL BEFORE USING

USE RESTRICTIONS

Do not use in commercial food processing or preparation areas. In the home, cover all exposed food, food processing surfaces and utensils during treatment. Do not spray food or feed crops.

For both indoor and outdoor situations, use training whenever possible, including positive (praise) and negative (sharply spoken word backed up with disciplinary action) reinforcement.

This product repels dogs and cats for up to 24 hours when applied daily. Keeps pets away from furniture, carpet, trees, shrubs, garbage cans/bags, and other "forbidden areas".

INDOOR USE

Use indoors to break your pet of undesirable habits such as sleeping on furniture and rugs or to keep out of forbidden areas. Always use with consistent training. Praise your pet for good behavior and scold for bad behavior.

PRE-TREATMENT DIRECTIONS: Before applying to large areas of rugs, fabrics or plastics, test the effect of this product by treating a small, inconspicuous area. This product may stain or soften some fabrics or plastics. To avoid possible damage, apply a small amount of the gel to a piece of cloth and place it on the object or area to be protected

APPLICATION DIRECTIONS: Apply this product to the object lightly with this product until slightly moistened.

RE-TREATMENT DIRECTIONS: Repeat daily, or as necessary, until undesirable habit is broken.

OUTDOOR USE

Use outdoors to prevent dogs and cats from disturbing flower beds, areas of lawn, trees, shrubbery, fences, patio furniture and garbage cans/bags.

NOTE: This product is not likely to break the established urination patterns of dogs unless it is used as a training aid.

PRE-TREATMENT DIRECTIONS: Stray animals are frequently attracted to areas where pets have soiled with feces or urine. To discourage repeat visits, remove any droppings and clean with water.

APPLICATION DIRECTIONS: Do not apply directly to foliage of shrubs or to ornamental, soft-bodied plants. Do not apply to food or feed crops. Lightly apply to surrounding soil. Only lightly scatter around new or soft lawns as the product could cause spotting or burning.

RE-TREATMENT DIRECTIONS: Repeat daily, or as necessary, until undesirable habit is broken.

EPA DRAFT LABEL - 09/24/99

STORAGE AND DISPOSAL

STORAGE: Store only in a cool, dry place inaccessible to children and pets, away from heat or open flame.

DISPOSAL: When empty, securely wrap and discard in trash.

PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling.

FIRST AID Have label with you when obtaining treatment advice	
If on skin or clothing	<ul style="list-style-type: none"> ● Take off contaminated clothing. ● Rinse skin immediately with plenty of water for 15 - 20 minutes. ● Call a poison control center or doctor.
If in eyes	<ul style="list-style-type: none"> ● Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. ● Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. ● Call a poison control center or doctor
