

MAY 1 1991

Dr. Thomas A. Miller
Allerderm, Inc.
2509 Glavel Dr.
Ft. Worth, TX 76118

Dear Dr. Miller:

Subject: Letter dated November 9, 1990 (Label reviewed in accordance with the Allethrin and Sumithrin Registration Standards)
DuoCide Shampoo with d-trans Allethrin and Sumithrin
EPA Reg. No. 46473-2
Submissions dated November 9, 1990, October 9, 1990, and March 27, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

As new labels are printed, you must address the following:

- 1) Delete "Allyl Homolog of Cinerin I" from the ingredient statement. It no longer accurately represents the allethrin in this formulation.
- 2) Remove the "other isomers" of the d-cis/trans phenothrin declaration from the ingredient statement and combine the percentages of the active ingredient so that it reads 0.025%.

Sincerely,

RF
Richard F. Mountfort
Product Manager (10)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To use, wet coat thoroughly with water. Pour shampoo into hand or onto pet, and rub into coat, starting with head. Work backward until coat is completely covered with foamy lather. Let lather stay on 10 minutes, then rinse and towel dry. Keep away from eyes. Repeat as necessary.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place.

PRODUCT DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bottle. Rinse thoroughly before discarding in trash.
