Keep out of reach of children

CAUTION

See back panel for additional precautionary statements.
Read entire label.

Net Contents 1 Pint 8 fl.oz. (709 ml) [1/2 Gallon (1.89 L)]

BACK PANEL

IMPORTANT: TO AVOID DAMAGE OR POOR RESULTS, CAREFULLY READ AND FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes Eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Keep children and pets off treated areas until spray is thoroughly dry.

STATEMENT OF PRACTICAL TREATMENT

- If **swallowed**: Immediately dilute by swallowing water or milk. Call a physician.
- If **on skin**: Wash with plenty of soap and water. If irritation develops, get medical attention.
- If **in eyes**: Flush eyes with fresh water for 15 minutes and get medical attention.
- ~~Note to Physician:~~ **Emergency Information** — call 1-800/858-7378
- Other 313/459-4200

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by disposal of equipment washwaters.

This product kills grasses & weeds systemically ~~systematically~~. The spray mist is absorbed by the leaves and moves throughout the stems and roots to kill the entire plant. Regrowth from the roots is prevented. This product is a non-selective, post-emergent herbicide that kills undesirable vegetation including: Bahiagrass, Bermudagrass, Bindweed, (Wild Morningglory), Bluegrass, Canada Thistle, Clover, Crabgrass, Dallisgrass, Dandelion, Dock, Fescue, Johnsongrass, Kudzu,

Lambsquarter, Nutgrass, Orchardgrass, Poison Ivy, Poison Oak, Quackgrass, Ragweed, Sandbur and others. This product is not recommended for spot treatment in lawns as grass around weeds will also be killed.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **FOR OUTDOOR USE AROUND THE HOME ONLY.**

HOW TO USE: Adjust the nozzle to a coarse spray. Hold the sprayer close to the weed (1 or 2 ft.) and apply to cover the plant, but not to the point of run-off. One application should kill most weeds listed. Some hard to control grasses and weeds may require a second treatment. Browning will often usually occur within one week, with a complete kill developing in 2 to 4 weeks. Treated areas can be reseeded or replanted 7 days after application. For best results, use on a warm, sunny day when rain is not expected within 24 hours. Avoid cutting treated vegetation for 7 days.

IMPORTANT: AVOID SPRAY CONTACT ON DESIRABLE PLANTS AS THEY WILL ALSO BE KILLED. If contact occurs, wash off spray mist immediately with water.

DIRECTIONS FOR PREPARING REFILL: To refill this container, add 9 Tablespoons (4 1/2 fl.oz.) of [SYSTEMIC GRASS & WEED KILLER CONCENTRATE] [K GRO® SHOOT OUT Grass & Weed Killer Concentrate] [(] 5% glyphosate concentrate [)] and finish filling container with clean water (19 fl.oz.) (2 Tablespoons = 1 fl.oz.)

~~OTHER: Should you have any questions concerning the use of this product, call 313/459-4200.~~

STORAGE AND DISPOSAL

STORAGE: Protect from freezing. Store in original container, preferably in an area inaccessible to children. Do not contaminate foodstuffs or feed.

PRODUCT DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty container. Rinse thoroughly before discarding in trash.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
