SUPER K-GRO ROSE & FLOWER INSECT KILLER

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To kill insects listed, shake bottle well before use. Adjust nozzle to deliver a fine mist (turn nozzle clockwise for mist). Hold about 12 - 15 inches from plant and spray to thoroughly cover both upper and lower foliage surfaces. Apply when insects or their damage appear. Repeat weekly or as necessary throughout the growing season. Reapply after rains. Regular light sprayings at 2 - 3 day intervals are generally more effective than single heavy treatments.

KILLS: Aphids, Cabbage Looper, Flea Beetles, Leafhoppers, Stink Bugs, Twelve-spotted Cucumber Beetles and Whiteflies.

PLANTS: African Violets, Gladiolus, Asters, Azaleas, Paganias, Camellias, Carnations, Chrysanthemums, Dahlias, Dogwood, Marigold and Roses.

STORAGE & DISPOSAL

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing.

STATEMENT OF PRATICAL TREATMENT

IF IN EYES, flush eyes with plenty of water. Get medical attention if irritation persists. IF ON SKIN, wash affected areas with soap and water.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

NOTE: Buyer assumes all risks of use, storage or handling not in strict accordance with directions given hereon.
