~~CAUTION: DO NOT USE ON DAMAGED OR POOR QUALITY SURFACES. CAREFULLY READ ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS.~~

~~NOTE: When using this product on carpets or fine woods, test a small area for discoloration before use.~~

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Super K-Gro Home Pest Insect Control kills many insects fast. Kills Roaches (including strains resistant to other insecticides) for up to 4 weeks.

HOW TO USE: SHAKE WELL BEFORE USING. Hold the container in an upright position and adjust the nozzle tip to give desired spray pattern. Spray infested surfaces until wet. When possible, spray directly on pests. Repeat treatments as needed. Do not spray on desirable plants.

FOR CONTROL OF ROACHES, ANTS, SILVERFISH, CRICKETS, CENTIPEDES, MILLIPEDES, CLOVER MITES, FIREBRATS and SPIDERS (Indoors) - Thoroughly apply under and behind sinks, stoves, refrigerators, cabinets, plumbing and baseboards. Spray areas where insects hide, including dark corners of rooms and cracks in walls and floors. FOR ANTS - apply to ant trails, around doors, windows or wherever these pests may enter the home.

FOR CONTROL OF FLEAS and BROWN DOG TICKS (Indoors) - Thoroughly apply to infested areas, such as pet beds and resting quarters, nearby cracks and crevices, along baseboards, windows, door frames and localized areas of floors where pests may be present. Old pet bedding should be removed and replaced with clean, fresh bedding after treatment of pet area.

DO NOT TREAT PETS WITH THIS PRODUCT. To control the source of your flea infestation, treat your pets with a product made and registered for application to animals.

FOR CONTROL OF CARPET BEETLES (Indoors) - Apply as a spot treatment. Spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets, on shelving and wherever these insects are seen.

FOR CONTROL OF FLIES, MOSQUITOS, WASPS AND HORNETS (Outdoors) - Use as an aid in repelling these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the home. Also treat areas on porches, in garages and other places where these insects appear.

FOR CONTROL OF FLEAS, BROWN DOG TICKS, CRICKETS, EARWIGS and ANTS (Outdoors) - For treatments of these insects in outdoor areas where there are weeds, or bushy non-crop areas, spray infested areas thoroughly. FOR ANTS - thoroughly wet hills and runways.

OTHER: Should you have any questions concerning the use of this product, call 313/459-4200.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed. Avoid contact with skin, eyes and clothing. Avoid breathing vapors or spray mist. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated with this product. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish aquaria before spraying. Do not apply this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use in food processing plants, restaurants or other areas where food is commercially processed or prepared.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching the back of the throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
IF ON SKIN: Remove contaminated clothing and immediately wash affected areas with plenty of soap and water. Call a physician if irritation develops.
IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.
NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is antidotal.

EMERGENCY INFORMATION - Call 1-800/858-7378.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. ~~Do not contaminate water when disposing of equipment washwaters.~~

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

TO PREVENT LEAKAGE DURING STORAGE: 1.) Close sprayer nozzle by turning counterclockwise until tight. 2.) Hook the trigger on or under the bottle handle so that trigger is above the level of contents. To prevent clogging of trigger, remove hose from sprayer and pump clean water through the hose and trigger.

USE OF TRIGGER SPRAYER: 1.) Remove sprayer from bag. 2.) Unscrew cap from bottle and remove the foil seal. 3.) Making sure tube is properly inserted through hole in cap, insert tube into bottle and screw on cap. 4.) Open spray nozzle approximately one full turn. 5.) TO PRIME - with sprayer directed at the target area, operate trigger until spray begins (approximately 10-15 times). 6.) Adjust the sprayer nozzle for desired spray pattern.

needed to replace pressure language

STORAGE & DISPOSAL

Protect from freezing. Keep pesticide in original container. Store in a cool, dry place, preferably in a locked storage area inaccessible to children.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty container. Rinse thoroughly before discarding in trash.
