Name and Address of Registrant (include ZIP Code): Celex Corporation 377 Amelia Street Plymouth MI 48170			
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.			
Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.			
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:			
1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.			
2. Make the following label changes:			
a. Revise the EPA Registration Number to read, "EPA Reg. No. 46515-47".			
b. Under the Hazard: to Humans and Domestic Animals, change the statement "Avoid contact with skin and eyes." to "Do not get on skin or on clothing."			
3. Submit two copies of the revised final printed label for the record. Refer to the A-79 Enclosure for a further description of final printed labeling.			
4. The Confidential Statement of Formula (CSF) does not reflect the correct upper and lower certified limits based on the nominal concentration of the active ingredients. The upper and longer limits should be calculated using the formula $N \pm 10\% N$, where N is the nominal concentration. Please submit a corrected CSF.
