Subject: PRIA Label Amendment – Additional Organism Claims  
Product Name: Caviwipes 1  
EPA Registration Number: 46781-13  
Application Date: 01/31/2020  
Decision Number: 564759

Dear Ms. Lei:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 46781-13  
Decision No. 564759

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jake McFarley by phone at (703) 347-0123, or via email at [McFarley.Jake@epa.gov](mailto:McFarley.Jake@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Varco', with a period at the end. The signature is fluid and cursive.

Joseph Varco

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**WARNING** Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear appropriate protective eyewear such as goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. [See other panel for additional precautionary statements.]

Physical or Chemical Hazards: Combustible. Do not use or store near heat or open flame.

**FIRST AID**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing. Call a poison control center or doctor for treatment advice.

For Chemical Emergency ONLY (spill, leak, fire, exposure or accident), call CHEMTREC at 1-800-424- 9300.

For [ALL] [other] inquiries about this product, call Metrex Customer [Service] [Care] at 1-800-841-1428, Monday through Friday, between 6 a.m. and 4 p.m. Pacific Time.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

***Packaging Statements and Wipe Dispensing Instructions:***  
***[Use A, B, or C as applicable depending on the wipe container/dispenser type.]***

***[A – Refillable, Non-refillable canister, buckets, tubs or pails]***

**[To dispense towelettes] [container] [canister][pail] [bucket] [tubs] [Dispensing Directions]:**

[To start feed, remove cover and discard seal. From center of towelette roll, pull up a towelette corner, twist it into a point and thread it through the hole in the container cover. Pull through about one inch. Replace cover. Pull out first towelette and tear off at [(any angle)] [45° – 90° angle]. Remaining towelettes feed automatically, ready for next use. When not in use, keep center cap closed to prevent solution loss.]

**[To refill] [canister] [bucket] [pail]:** Place refill [pouch] [bag] in bucket [canister]. Remove the lid from the [pill] [bucket] [canister]. [Use scissors] [to] [Cut] [Rip] [Tear] [Pull] [Open] refill pouch [bag]. Place [put] [insert] refill pouch into [bucket] [pill] [canister]. DO NOT remove wipe roll from refill pouch [bag]. From center of towelette roll, pull up a towelette corner, twist it into a point and thread it through the hole in the [bucket] [pill] [container] cover. Pull through about one inch. Replace cover. Pull out first towelette and tear off at [(any angle)] [45°-90° angle]. Remaining towelettes feed automatically, ready for next use. When not in use, keep center cap closed to prevent solution loss.]

***[B – Flat Pack]***

**[To dispense towelettes] [from flat pack:] [from Flat Pack wipes container:]**

[Grasp the white tab that states "PULL HERE". Gently swing the flap open and grasp a towelette. Remove towelette from package and then swing flap closed. Gently tap the flap to ensure seal is made between it and the towelette package.]

***[C – Single use packet]:***

[Tear open packet. Unfold towelette and use as directed. Discard as directed.]

This product qualifies for emerging viral pathogen claims per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions indicated below.

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category:

- Enveloped Viruses

<i>For an emerging viral pathogen that is a/an...</i>	<i>...follow the directions for use for the following organisms on the label:</i>
<b>Enveloped virus</b>	<b>Adenovirus Type 5</b>

***Product name -or- this product has demonstrated effectiveness against viruses similar to [name of emerging virus] on hard, non-porous surfaces. Therefore, Product name -or- this product can be used against [name of emerging virus] when used in accordance with the directions for use against [name of supporting virus(es)] on hard, non-porous surfaces. Refer to the [CDC or OIE] website at [pathogen-specific website address] for additional information.***

***[Name of illness/outbreak] is caused by [name of emerging virus]. Product name -or- this product kills similar viruses and therefore can be used against [name of emerging virus] when used in accordance with the directions for use against [name of supporting virus(es)] on hard, non-porous surfaces. Refer to the [CDC or OIE] website at [website address] for additional information.***

**Note to Reviewer: The following Terms of Registration will NOT appear on Product/ Field Labels.**

**Terms of Registration for Emerging Viral Pathogens  
CAVIWIPES1, EPA Reg. No. 46781-13, June 10, 2020**

As per Attachment 1 of the GUIDANCE TO REGISTRANTS: PROCESS FOR MAKING CLAIMS AGAINST EMERGING VIRAL PATHOGENS NOT ON EPA-REGISTERED DISINFECTANT LABELS, Metrex Research agrees to the following terms of registration:

- 1) The statements will be made only through the following communications outlets: technical literature which is distributed exclusively to health care facilities, physicians, nurses, and public health officials, "1-800" consumer information services, social media sites and company websites (non-label related). These statements shall not appear on marketed (final print) product labels.
- 2) Statements will adhere to one or both of the following formats:

***[Product name or This product]*** has demonstrated effectiveness against viruses similar to ***[Insert name of emerging virus]*** on hard, non-porous surfaces. Therefore, ***[product name or this product]*** can be used against ***[Insert name of emerging virus]*** when used in accordance with the directions for use against Adenovirus Type 5 on hard, non-porous surfaces. Refer to the ***[Insert CDC -or- OIE]*** website at ***[Insert pathogen-specific website address]*** for additional information.

***[Insert name of illness/outbreak]*** is caused by ***[Insert name of emerging virus]***. ***[Product name or This product]*** kills similar viruses and therefore can be used against ***[Insert name of emerging virus]*** when used in accordance with the directions for use against Adenovirus Type 5 on hard, non-porous surfaces. Refer to the ***[Insert CDC -or- OIE]*** website at ***[Insert pathogen-specific website address]*** for additional information.
- 3) The registrant may begin communicating these statement(s) upon notification on the CDC or OIE website identified under Section V of the Guidance of an outbreak of an emerging enveloped viral pathogen. The registrant shall cease and remove all such non-label communications intended for consumers no later than 24 months after the original notification of the outbreak on the CDC or OIE website, unless the agency provides guidance to the contrary due to continued public health concerns. The emerging pathogen claim language may remain on the master label.
- 4) The terms stated in items 1-3 shall become immediately void and ineffective if registration for use against Adenovirus Type 5 is suspended or cancelled or no longer meets the criteria for a disinfectant claim (see EPA Product Performance Test Guideline 810.2200). In addition, evidence of ineffectiveness against any pathogen in a less-resistant Spaulding category would also be grounds for voiding paragraphs 1 through 3.

**THE INFORMATION IN THIS BOX IS NOT PART OF THE LABEL**

Statements in brackets, [ ], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**[Use A, B, C or D as applicable depending on the wipe container type.]**

**[A – Nonrefillable canister]**

**Product Storage:** Store at room temperature. When not in use, keep center cap of lid closed to prevent moisture loss

**Towelette Disposal:** Do not re-use towelette. Dispose of used towelette in trash. Do not flush in toilet.

**Container Handling:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. If recycling is not available, discard in trash.

**[B – Refillable canister]**

**Storage:** When not in use, keep center cap of lid closed to prevent moisture loss

**Towelette Disposal:** Do not re-use towelette. Dispose of used towelette in trash. Do not flush in toilet.

**Container Handling:** Refillable Container. Do not reuse or refill except as described in direction for use. Refill only with this product. Triple rinse cracked or broken containers and offer for recycling.

Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Rinsate can be disposed down the drain. If recycling is not available, discard in trash

**[C - packet]**

**STORAGE AND DISPOSAL**

**Storage:** When not in use, keep flap closed to prevent moisture loss

**Dispenser Disposal -** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. If recycling is not available, discard in trash

**Towelette Disposal -** Do not reuse towelette. Dispose of used towelette and empty packet in trash.

**[D – Flat Pack]**

**STORAGE AND DISPOSAL**

**Storage:** When not in use, keep flap closed to prevent moisture loss.

**Dispenser Disposal -** Nonrefillable packaging. Do not reuse or refill this container. Offer for recycling, if available. If recycling is not available, discard in trash.

**Towelette Disposal -** Do not reuse towelette. Dispose of used towelette in trash.

**THE INFORMATION IN THIS BOX IS NOT PART OF THE LABEL**

Statements in brackets, [ ], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Lists of uses, use sites and surfaces may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable.

## **DIRECTIONS FOR USE**

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

### **FOR CANISTERS, FLAT PACKS, REFILLS AND SINGLE USE WIPE PACKETS**

**[Y] For use as a disinfectant:**

Use CaviWipes 1 towelette to thoroughly wet the surface. Repeated use of the product may be required to ensure that the surface remains visibly wet for [1 minute] at room temperature (68°F/20°C) for Tuberculocidal and bactericidal, and virucidal <sup>\*[A]</sup> activity. [3 minutes for Adenovirus 5] Let air dry. Gross filth and heavy soil loads must be removed prior to disinfecting. [If streaking is observed, wipe with a clean, damp [cloth or] paper towel after [1 minute] [3 minutes for Adenovirus] contact time has expired.]

**For use as a disinfectant / fungicide <sup>[^A]</sup> against pathogenic fungi against *Candida albicans*:**

Use CaviWipes 1 towelette to thoroughly wet the surface. Repeated use of the product may be required to ensure that the surface remains visibly wet for [1 minute] at room temperature (68°F/20°C) for activity against pathogenic fungi against *Candida albicans*. Let air dry. Gross filth and heavy soil loads must be removed prior to disinfecting. [If streaking is observed, wipe with a clean, damp [cloth or] paper towel after [1 minute] contact time has expired.]

**For use as a Fungicide [against [*Trichophyton interdigitale* (formerly *Trichophyton mentagrophytes*)]:**

Pre-clean surface with a [CaviWipes1] or [towelette]. Then use CaviWipes 1 to thoroughly wet the surface. Repeated use of the product may be required to ensure that the surface remains visibly wet for 3 minutes at room temperature for fungicidal activity. Let air dry. [If streaking is observed, wipe with a clean, damp [cloth or] paper towel after 3 minutes contact time has expired.]

### **FOR CLEANING INSTRUMENTS PRIOR TO DISINFECTION:**

Remove gross filth and heavy soil loads.

***[The following direction is to be included when hard, non-porous exterior surfaces of ultrasound transducers or probes are listed as a use site.]***

[To disinfect external surfaces of ultrasound transducers: Pre-clean ultrasound gel from external transducer to be disinfected [by using a clean washcloth]. Then thoroughly wet the probe with a **CaviWipes 1** towelette. Repeated use of the product may be required to ensure that the surface remains visibly wet for [1 minute]. [3 minutes for [Adenovirus Type 5] and [*Trichophyton interdigitale* (formerly *Trichophyton mentagrophytes*)] at room temperature (68°F/20°C).]

[[This contact time] [A 1 minute contact time] will not be sufficient for Adenovirus Type 5 and *Trichophyton interdigitale* (formerly *Trichophyton mentagrophytes*) (which requires a 3 minute contact time)] [at room temperature (68°F/20°C).]

**THE INFORMATION IN THIS BOX IS NOT PART OF THE LABEL**

Statements in brackets, [ ], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses, use sites and surfaces may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable.

**DIRECTIONS FOR USE *continued***

Notes: Critical and semi-critical devices must be followed by appropriate terminal sterilization/ high-level disinfection process.

***[The following paragraph will be included in its entirety when the production label references medical devices:]***

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream, or normally sterile areas of the body, or (2) contacts intact mucous membranes, but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

The following HIV-1\*/ HBV\*/ HCV\* instructions are to be included on production labels when claims against HIV-1\* or HBV\* or HCV\* are listed.

**CaviWipes 1** effectively kills [Human Immunodeficiency Virus Type 1\* (HIV-1),] [Hepatitis B Virus\* (HBV),] [[and] Hepatitis C Virus\* (HCV)] on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood/body fluids, and in which the surfaces/objects can be associated with the potential for transmission of [HIV-1\*,] [HBV\*,] [[and] [HCV\*].

**[Y]Special Instructions for Cleaning and Decontamination Against [HIV-1\*,] [HBV\*,] [[and] HCV\*] of Surfaces or Objects Soiled With Blood or Body Fluids:**

**Personal Protection:** When handling items soiled with blood or body fluids, wear [appropriate] barrier protection [such as] [:] disposable protective gloves, gowns, face masks and eye coverings.

**Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfecting towelette. A CaviWipes 1 towelette can be used for this purpose.

**Contact Time:** Thoroughly wet surface with a new CaviWipes 1 towelette. Repeated use of the product may be required to ensure that the surface remains visibly wet for 1 minute.

**Disposal of Infectious Materials:** Dispose of used towelette in accordance with Federal, State and local regulations for infectious materials disposal.

***[The following statement is to be included on production labels when food contact areas or surfaces are listed.]***

[+A thorough rinse with potable water is required for surfaces in direct contact with food.]

**THE INFORMATION IN THIS BOX IS NOT PART OF THE LABEL**

Statements in brackets, [ ], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses, use sites and surfaces may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. **CLEANING AND STAIN REMOVAL**

**DIRECTIONS FOR USE:**

**To clean -and/or- remove stains:** Wipe surface with a wipe; [rinse and] let air dry. [If streaking is observed, wipe with a clean, damp [cloth] [or] [paper towel].] [[Works on] [effective against] [removes the following stains:]] [CLEANING] [and] [DEODORIZING]: [Wipe surface with towelette until visibly clean. Let air dry.]

<b>Claims:</b>	<b>Stains/Soils</b>	<b>Stains/Soils continued</b>
<ul style="list-style-type: none"><li>• Cleans</li><li>• Removes stains</li><li>• Removes (<i>insert stain(s)/soil(s) shown to the right:</i>)</li></ul>	<ul style="list-style-type: none"><li>• Blood</li><li>• Body oils</li><li>• Bodily fluids</li><li>• Coffee [stains]</li><li>• Common soils</li><li>• Dead skin</li><li>• Dirt</li><li>• Fingerprints</li><li>• Food+ residue[s] -or- soil[s]</li><li>• Food stains</li><li>• Fruit [stains]</li><li>• Grease</li><li>• Grime</li><li>• Laboratory stains</li></ul>	<ul style="list-style-type: none"><li>• Mucus</li><li>• [Other] common soils -and/or- stains</li><li>• [Other] organic matter</li><li>• Phlegm</li><li>• Protein-based matter</li><li>• Saliva</li><li>• Spit</li><li>• Spittle</li><li>• Sputum</li><li>• Throw-up</li><li>• Tea [stains]</li><li>• Urine</li><li>• Vomit</li></ul>

**ALLERGEN DESTRUCTION**

**To [clean and] destroy specified allergens:** Wipe surface. Use enough wipes for treated surfaces to remain visibly wet for 1 minute.

[Rinse.] Let air dry. [If streaking is observed, wipe with a clean, damp [cloth or] paper towel after contact time has expired.]

**Claims:**

- Breaks Down Many Allergens[!]
- Destroys -or- deactivates dust mite matter
- [Penetrates and] breaks down dust mite matter -or- particles, cockroach matter -or- particles, and pet dander allergens [found in dust]

Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses, use sites and surfaces may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable.

**DIRECTIONS FOR USE *continued***

***The following statement is to be included on production labels when animal housing facilities are listed. (Including Veterinary Clinics, Farms and Poultry Houses)***

For cleaning and disinfecting the following hard nonporous surfaces: feeding and watering equipment, utensils, instruments, cages, kennels, stables, catteries, etc.

1. Remove all animals and feeds from premises, animal transportation vehicles, crates, cages etc.
2. Remove all litter, droppings and manure from floors, walls and surfaces of facilities (including pens, chutes, and barns) occupied or traversed by animals.
3. Empty all troughs, racks, and other feeding and watering appliances.
4. Thoroughly clean all surfaces with soap or detergent and rinse with potable water. Saturate surfaces by wiping with product for a period of 1 minute. [3 minutes for [Adenovirus Type 5] and [*Trichophyton interdigitale* (formerly *Trichophyton mentagrophytes*).]]
5. Wipe all handling and restraining equipment such as leashes, muzzles, halters or ropes, as well as forks, shovels, and scrapers used for removing litter and manure.
6. Ventilate buildings and other closed spaces.
7. Do not house animals or employ equipment until treatment has been absorbed, set or dried.
8. Thoroughly scrub treated feed racks, troughs, mangers, automatic feeders, fountains, and waterers with soap or detergent, and rinse with potable water before reuse.

**[DO NOT USE AS A BABY WIPE.] [Not For Use On Skin] [DO NOT FLUSH WIPE]**

[Not for cleaning or sanitizing skin.] [Do not use as a diaper wipe or for personal cleansing.] [Refill only with this product.] [Always refer to manufacturer's care instructions before using on equipment -or- devices.]

***[The following graphics are optional for canister containers only. They will be affixed to the label/canister so that it does not interfere with any label text. Due to size constraints, they will not appear on individually wrapped packets.]***
