OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

Jamie Venable
Agent for Metrex Research
c/o Scientific & Regulatory Consultants, Inc.
201 W Van Buren Street
Columbia City, IN 46725

Subject: Notification per PRN 98-10 – Multiple updates to label including optional country of origin statements; minor spelling and formatting changes; marketing claims; removal of ESKAPE qualifier for two organisms; addition of strain number; addition of virus qualifier; additional note to reviewer and others

Product Name: CWN-07-W

EPA Registration Number: 46781-17

Received Date: 12/21/2022 Action Case Number: 00418326

Dear Jamie Venable:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Statements in brackets, [], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses and use sites may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable. Section Headers are optional.

PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear protective eyewear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

PHYSICAL AND CHEMICAL HAZARDS: Combustible. Do not use or store near heat or open flame.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

[For Chemical Emergency ONLY (spill, leak, fire, exposure or accident), call CHEMTREC at 1-800-424-9300]

For [ALL] [other] inquiries about this product, call Metrex Customer Care at 1-800-841-1428, Monday through Friday, between 6 a.m. and 4 p.m. Pacific Time.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Statements in brackets, [], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses and use sites may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable. Section Headers are optional.

Packaging Statements and Wipe Dispensing Instructions:

[Use A, B, or C as applicable depending on the wipe container/ dispensertype.]
[Note to Reviewer: the following section, as applicable depending on wipe container/ dispenser type, may be placed under "Directions for Use" section on the Final Printed Labels]

[A – Refillable, Non-refillable canister, buckets, tubs or pails]

[To dispense towelettes] [container] [canister] [pail] [bucket] [tubs] [Dispensing Directions]:

[To start feed, remove cover and discard seal. From center of towelette roll, pull up a towelette corner, twist it into a point and thread it through the hole in the container cover. Pull through about one inch. [Replace cover]. Pull out first towelette and tear off at [(any angle)] [45°-90° angle]. [Pull Wipe at [(any angle)] [45°-90° angle]]. Remaining towelettes feed automatically, ready for next use. [When not in use, keep center cap closed to prevent solution loss.]]

[To refill] [canister] [bucket] [pail] [to be refilled by the user]: Place refill [pouch] [bag] in bucket [canister]. Remove the lid from the [pail] [bucket] [canister]. [Use scissors] [to] [Cut] [Rip] [Tear] [Pull] [Open] refill pouch [bag]. Place [put] [insert] refill pouch into [bucket] [pail] [canister]. DO NOT remove wipe roll from refill pouch [bag]. From center of towelette roll, pull up a towelette corner, twist it into a point and thread it through the hole in the [bucket] [pail] [container] cover. Pull through about one inch. [Replace cover.] [Place [lid] [cover] on [canister] [bucket] [pail]]. Pull out first towelette and tear off at [(any angle)] [45°-90° angle]. [Pull Wipe at [(any angle)] [45°-90° angle]]. Remaining towelettes feed automatically, ready for next use. When not in use, keep center cap closed to prevent solution loss.]

[B - Flat Pack]

[To dispense towelettes] [from flat pack:] [from Flat Pack wipes container:]

[Grasp the white tab that states "PULL HERE". Gently swing the lid open [peel back lid] and grasp a towelette. Remove towelette from package and then swing lid closed [close lid]. Gently tap the lid to ensure seal is made between it and the towelette package.]

[C - Single Use Packet]:

[Tear open packet. Unfold towelette and use as directed. Discard as directed.]

Statements in brackets, [], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses and use sites may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable. Section Headers are optional.

EMERGING VIRAL PATHOGEN CLAIMS

This product qualifies for emerging viral pathogen claims per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions indicated below. This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category:

- -Enveloped Viruses
- -Large Non-enveloped
- -Small Non-enveloped

For an emerging viral pathogen that is	hat isfollow the directions for use for th	
a/an	following organisms on the label:	
Enveloped virus	Adenovirus Type 2	
Large, non-enveloped virus	Feline Calicivirus	
Small, non-enveloped virus	Feline Calicivirus	
	Enterovirus Type 71	

[Product name] has demonstrated effectiveness against viruses similar to [name of emerging enveloped/small and large non-enveloped virus] on hard, non-porous surfaces. Therefore, [product name] can be used against [name of emerging enveloped/small and large non-enveloped virus] when used in accordance with the directions for use against (cited above) on hard, non-porous surfaces. Refer to the [CDC or OIE] website at [pathogen-specific website address] for additional information.

[Name of illness/outbreak] is caused by [name of emerging enveloped/small and large non-enveloped virus]. [Product name] kills similar viruses and therefore can be used against [name of emerging enveloped/small and large non-enveloped virus] when used in accordance with the directions for use against (cited above) on hard non-porous surfaces. Refer to the [CDC or OIE] website at [website address] for additional information.

Statements in brackets, [], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses and use sites may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable. Section Headers are optional.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

[Note to Reviewer: Instructions for Residential and/or Non-Residential Use Sites will be used depending on Use Sites mentioned on the Production Labels. Non-Residential Use Sites Disposal Directions may be used when Product is offered for both Residential/ Household use sites and Non-Residential (Professional/ Institutional/ Industrial) use sites.]

[Use A, B or C below as applicable depending on the wipe container/ dispenser type.]

- [A Nonrefillable Containers, Canisters, Buckets or Pails]
- [B Refillable Containers, Canisters, Buckets or Pails [to be refilled by the user]]
- [C Flat Packs or Packets]

[Note to Reviewer: the following Pesticide Storage directions apply to Residential and Non-Residential Use Sites for A, B or C container types above]

PESTICIDE STORAGE: [Store at room temperature] -or- [Store product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration.] [When not in use, keep [center cap of lid] [flap] [tab] closed to prevent moisture loss.] [Close lid after use.]

Residential Use Sites:

[A - Nonrefillable Containers, Canisters, Buckets or Pails]

[C - Flat Packs or Packets]

TOWELETTE DISPOSAL: Dispose of used towelette in trash after use. [Do not re-use towelette.] [Do not flush [in toilet].]

Container Handling: Nonrefillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

[B - Refillable Containers, Canisters, Buckets or Pails [to be refilled by the user]]

TOWELETTE DISPOSAL: Dispose of used towelette in trash after use. [Do not re-use towelette.] [Do not flush [in toilet].]

[Refillable] Container Handling: Refillable Container. Do not reuse or refill except as described in direction for use. Refill only with this product. Offer for recycling. If recycling is not available, discard in trash.

Non-Residential Use Sites:

[A - Nonrefillable Containers, Canisters, Buckets or Pails]

[C - Flat Packs or Packets]

PESTICIDE DISPOSAL: To avoid waste, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program. [Do not re-use towelette.] [Do not flush [in toilet].]

Container Handling: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

[B - Refillable Containers, Canisters, Buckets or Pails [to be refilled by the user]]

PESTICIDE DISPOSAL: To avoid waste, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program. [Do not re-use towelette.] [Do not flush [in toilet].]

Container Handling: Refillable Container. Do not reuse or refill except as described in direction for use. Refill only with this product. Offer for recycling if available or dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

Statements in brackets, [], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses and use sites may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable. Section Headers are optional.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[FOR CANISTERS, FLAT PACKS, REFILLS AND SINGLE USE WIPE PACKETS] [Optional Texts for SINGLE USE WIPE PACKETS: [Refer to Box Label for Full Use Directions.]]

To [Clean and] Disinfect [and Deodorize] Hard, Non-Food Contact, Non-Porous Surfaces:

Remove Visible filth and soil [loads] [prior to disinfecting]. To disinfect hard, non-porous surfaces. Use [enough] [Product Name] wipes to treat the surface, allow surface to remain visibly wet for 2 minutes [contact time] [dwell time]. [Rinse.] [Let air dry]. [If streaking is observed, wipe with a clean, damp [cloth or] paper towel after 2-minute contact time [dwell time] has expired.] [Use 2-minute contact time [dwell time] for (Tuberculosis) [-or-] (TB).] [Use 2-minute contact time to disinfect against SARS-CoV- 2^{β^*} on hard, nonporous surfaces, use 2-minute contact time.]

(‡) Special Label Instructions for Cleaning Prior to Disinfection against Candida auris‡:

Personal Protection: Wear [appropriate] barrier protection. [such as] gloves, gowns, masks, or eye covering. **Cleaning Procedure:** Fecal matter/waste must be thoroughly cleaned from surfaces/objects before disinfection by application with [Product Name] [this product saturated with product name]. Pre-cleaning is to include vigorous wiping and/or scrubbing and all visible soil is removed. Surfaces in patient rooms are to be cleaned in an appropriate manner, such as from right to left or left to right, on horizontal surfaces, and top to bottom, on vertical surfaces, to minimize spreading the organism. Restrooms are to be cleaned last. Do not reuse soiled cloths. **Infectious Waste Disposal:** Materials used in the cleaning process that may contain feces/wastes are to be disposed of immediately in accordance with local regulations for infectious materials disposal.

[The following HIV-1 / HBV / HCV instructions are to be included on production labels when claims against HIV-1 or HBV or HCV are listed:]

(**γ**) This product effectively kills [Human Immunodeficiency Virus* Type 1 [(HIV-1)],] [Hepatitis B Virus* [(HBV)],] [[and] Hepatitis C Virus* [(HCV)]] on pre-cleaned hard, nonporous environmental surfaces/objects previously soiled with blood/body fluids in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood/body fluids, and in which the surfaces/objects likely to be soiled with blood/ body fluids can be associated with the potential for transmission of [HIV-1,] [HBV,] [[and] [HCV].

[Note to Reviewer: the full and/or abbreviated nomenclatures for HIV-1, HBV and HCV may be used in the above paragraph.]

Special Instructions for Cleaning and Disinfection Against [HIV-1,] [HBV,] [[and] HCV] of Surfaces or Objects Soiled with Blood or Body Fluids:

Personal Protection: When handling items soiled with blood or body fluids, wear [appropriate] barrier protection: [such as] disposable protective gloves, gowns, face masks and eye coverings.

Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfecting towelette. A [Product Name] towelette can be used for this purpose.

Contact Time: Thoroughly wet surface with a new [Product Name] towelette. Ensure surface remains visibly wet for 2 minutes.

Disposal of Infectious Materials: Blood and other body fluids must be autoclaved and disposed of in addition to used wipe in accordance with Federal, State or local regulations for infectious materials disposal.

For use as a Disinfectant on Hard, Non-Porous Surfaces of Non-Critical Medical Devices, Instruments and Implements:

Instruments must be thoroughly cleaned to remove visible soils, rinsed and dried. Visibly clean and rinse lumens of hollow instruments. Then visibly treat [wet] the instruments with the [Product Name] product towelette. Ensure surface remains visibly wet for 2 minutes. [Use 2-minute contact time [dwell time] for (Tuberculosis) [-or-] (TB).] [Use 2-minute contact time to disinfect against SARS-CoV- 2^{β^*} on hard, nonporous surfaces, use 2-minute contact time.]

Remove and rinse instruments. Wipe dry prior to use. Discard wipe after each use.

Statements in brackets, [], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses and use sites may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable. Section Headers are optional.

DIRECTIONS FOR USE continued

[The following direction is to be included when hard, non-porous exterior surfaces of ultrasound transducers or probes are listed as a use site:]

To disinfect external surfaces of ultrasound transducers that do not go into the human body only: Pre-clean ultrasound gel from external transducer to be disinfected [by using a clean washcloth]. Then visibly treat -orwet the probe with the product [Product Name] towelette. Ensure surface remains visibly wet for 2 minutes. [Use 2-minute contact time [dwell time] for (Tuberculosis) [-or-] (TB).] [Use 2-minute contact time to disinfect against SARS-CoV- 2^{β^*} on hard, non-porous surfaces, use 2-minute contact time.]

[The following paragraph will be included in its entirety when the production label references medical devices:]

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream, or normally sterile areas of the body, or (2) contacts intact mucous membranes, but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean critical or semi-critical medical devices prior to sterilization or high level disinfection.

This product may be used to disinfect non-critical medical devices, which come in contact only with intact skin.

[The following statement is to be included on production labels when animal housing facilities are listed: (Including Veterinary Clinics, Farms and Poultry Houses)]

For cleaning and disinfecting the following hard, non-food contact, non-porous surfaces: feeding and watering equipment, utensils, instruments, cages, kennels, stables, catteries, etc.

- 1. Remove all animals and feeds from premises, animal transportation vehicles, crates, cages etc.
- 2. Remove all litter, droppings and manure from floors, walls and surfaces of facilities (including pens, chutes, and barns) occupied or traversed by animals.
- 3. Empty all troughs, racks, and other feeding and watering appliances.
- 4. Thoroughly clean all surfaces with soap or detergent and rinse with potable water. Ensure surface remains visibly wet for 2 minutes.
- 5. Wipe all handling and restraining equipment forks, shovels, and scrapers used for removing litter and manure.
- 6. Ventilate buildings and other closed spaces.
- 7. Do not house animals or employ equipment until treatment has been absorbed, set or dried.
- 8. Thoroughly scrub treated feed racks, troughs, mangers, automatic feeders, fountains, and waterers with soap or detergent, and rinse with potable water before reuse.

+ For non-food contact surfaces only.

[DO NOT USE AS A BABY WIPE.] [Not for Use On Skin] [DO NOT FLUSH [WIPE]] [DO NOT RE-USE WIPE] [SINGLE USE ONLY]

[Not for cleaning skin.] [Do not use as a diaper wipe or for personal cleansing.] [APPLY CAREFULLY] [Refill only with this product.] [Always refer to manufacturer's care instructions before using on equipment -or-devices.]

Statements in brackets, [], are optional or instructional. Bold, italicized text and italicized words within parentheses are information for the reader and are not included on production labels. Sequence of statements is optional unless specified in 40 CFR 156.10. Variables such as capitalizing, pluralizing, singularizing, bolding, italicizing and abbreviating are variable unless specified in 40 CFR. Lists of uses and use sites may be used partially or in their entirety. The term 'towelette (s)' is interchangeable with wipe(s), towel(s), and cloth(s) and the term 'container' is interchangeable with dispenser(s), bucket(s), pail(s), tub(s) throughout the label. The term center(s), facility(ies), area(s), unit(s), clinic(s), room(s), lab(s), department(s), suites, office(s), operatory(ies) in the use site tables are interchangeable as applicable. Section Headers are optional.

DISINFECTION [Organism List]

[[Product Name] [Disinfecting Towelettes] are non-woven disposable towelettes pre-saturated with the [Product Name] solution.] [[Product Name] [Disinfecting Towelettes] are multi-purpose¥ [disinfectant]/ [cleaning] wipes for use on hard, non-food contact, non-porous inanimate surfaces.]

[[Product Name] [This product] is effective against the following microorganisms on hard, non-food contact, non-porous surfaces when used as directed:]

[[Product Name] [This product] has demonstrated effectiveness against the following organisms with a 2-minute contact time [dwell time]. Use 2-minute contact time [dwell time] for Tuberculosis -or- TB.] [Use 2-minute contact time [dwell time] for SARS-CoV-2^{β*} on hard, non-porous surfaces.]

PRODUCT CLAIMS

- ▲ to represent any use site(s) listed in below as applicable.
- ♦ to represent any surface(s) listed in below as applicable.
- [# pre-saturated towelettes] [X" x Y"]
- [2-minute contact time [dwell time] for bacteria [,] [or] viruses* [,] [or] [multi] drug-resistant bacteria [,] [or] bloodborne pathogens** [,] [or] ESKAPE pathogens*** [,] [or] Tuberculosis -or- TB [,] [or] Candida auris‡-or- C. auris‡[,] [or] SARS-CoV-2^{β*} [and (insert SARs-CoV-2 variant(s) from Organism List)] on hard, non-porous surfaces]
- [2-minute contact time [dwell time]]
- [2-minute contact time [dwell time] against or for TB -or- tuberculosis]
- [2-minute contact time [dwell time] against/for SARS-CoV-2^{β*} [and (*insert SARs-CoV-2 variant(s) from Organism List*)] on hard, non-porous surfaces [in the presence of [5%] soil load]]
- [99.999% -or 5 [five] log reduction for [Candida auris‡] -or- [C. auris‡] [in [just] 2 minutes]
- [99.9% -or 3 [three] log reduction against/for SARS-CoV-2^{β*} [and (*insert SARs-CoV-2 variant(s) from Organism List*)] on hard, non-porous surfaces [in [just] 2 minutes] [in the presence of [5%] soil load] [in one-step¥]]
- [Kills 99.999% -or- 5 [five] log of Candida auris‡ -or- C. auris‡ on hard, non-porous surfaces] [in [just] 2 minutes]
- [Kills 99.9% -or- 3 [three] log of SARS-CoV-2^{β*} [and (*insert SARs-CoV-2 variant(s) from Organism List*)] on hard, non-porous surfaces [in [just] 2 minutes] [in one step¥] [in the presence of [5%] soil load]]
- [A Metrex Research® brand]
- [A Metrex[®] brand]
- [A CaviWipes™ Brand]
- [A disinfectant cloth for use in ▲ on ◆]
- [[Aids] [Helps] in reducing -or- in the reduction of cross-contamination between treated hard non-porous surfaces]
- [An effective method to clean against odor-causing organisms on hard, non-porous surfaces listed on this label]
- [[A] one-step¥ cleaner/disinfectant]
- [[A] one-step¥ [cleaner and] disinfectant [towelette] against SARS-CoV-2^{β*} [and (*insert SARs-CoV-2 variant(s) from Organism List*)] on hard, non-porous surfaces]
- [A disinfectant towelette for use on ▲ and ♦ surfaces]
- [After use, just toss wipe(s) away]
- [Always ready-to-use]
- [An effective method to deodorize and disinfect against odor-causing organisms on hard, non-porous surfaces]
- [An effective way to disinfect hard, non-porous environmental surfaces] [listed on this label]
- [A non-woven disposable towelettes for use in ▲ and other critical care areas where reduction of cross-contamination between treated hard non-porous surfaces is required]
- [Antimicrobial]
- [A One-Step¥ Cleaner [and disinfectant] [except when precleaning is required for [C. aurist,] blood and body fluids]]
- [A solution impregnated in a wiping cloth]
- [[Appropriate] [for] Cleaning Patient Discharge]
- [[Appropriate] for Occupied Room -and/or Terminal Room Cleaning -and/or- Room Discharge Cleaning] (**Note to Reviewer: this claim is for cleaning only**.)
- [[Appropriate] [for] Cleaning and disinfecting¥ dental operatories]
- [[Appropriate] [for] Cleaning and disinfecting¥ medical sites]
- [[Appropriate] [for] Cleaning and disinfecting¥ home]
- [Assures proper dilution strength, product effectiveness and standardizes technique]
- [Kills and/or Inactivates (insert any organism(s) from Organism List)] [on hard, non-porous surfaces]]

[Claim Qualifiers]

[Note to Reviewer: the following definition will be included on Production Labels if the qualifiers are used. Qualifier symbols will be added when the specific organism(s), claim(s), use site(s), and/or surface(s) are listed on Product Labels.]

+	For non-food contact surfaces only
£	For surfaces that are not inserted into the human mouth and body
μ	Allow surfaces to come to room temperature prior to treatment
*	Virus
**	Bloodborne pathogens [Note to Reviewer: the qualifier ** will only be used when the term Bloodborne pathogens is used]
***	ESKAPE pathogens [Note to Reviewer: the qualifier *** will only be used when the term ESKAPE is used]
‡	Candida auris: Follow [the] Special Instructions for Cleaning required prior to Disinfection [listed on label]
۸	Pseudomonacidal [Note to Reviewer: the qualifier ^ will only be used when the term Pseudomonacidal is used]
۸۸	Staphylocidal [Note to Reviewer: the qualifier ^^ will only be used when the term Staphylocidal is used]
π	Pathogenic Fungi / Fungicidal against <i>Candida auris‡</i> only
γ	HIV-1 / HBV / HCV: Follow [the] Special Instructions prior to Disinfection [listed on label]
β	The virus that causes COVID-19
¥	when used according to disinfection directions
A	Use Sites on Tables 1 – 6 above
*	Surfaces on Table 7 above
