Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water, obtain medical attention if irritation persists. If swallowed do not induce vomiting, call a physician immediately.

Do not use in commercial food processing, preparation, serving or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

Directions for Use

General Classification

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

Storage and Disposal

Storage: Store in a cool area away from heat or open flame.

Disposal: "Do not contaminate water, food, or feed by storage or disposal."
"Pesticide wastes are Toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest E.P.A. Regional Office for guidance." "Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility."
Wrap container and put in trash collection.

This product will kill Flies, Mosquitoes, Black Carpet Beetles, Saw-toothed Grain Beetles, Rice Weevils, Small Flying Moths, Spiders, Centipedes, Fleas, Ticks, Wasps, Pill Bugs, Crickets and Silverfish.

Aids in control of Cockroaches.

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

To kill Ticks and Fleas: Destroy pet's old bedding and replace. Use product as above. Treat dogs and cats with registered tick control product prior to re-entry. Repeat as necessary to bring infestation under control.
