

House and Garden Insect Killer I

Only For House and Garden Use

Kills Common Household Pests:

{Select from pests listed on back [side] panel} and others listed on back [side] panel}

Kills Common House Plant Pests:

{Select from pests listed on back [side] panel} and others listed on back [side] panel}

Kills Common Plant Pests on Ornamentals:

{Select from pests listed on back [side] panel} and others listed on back [side] panel}

Active Ingredients:

Tetramethrin (CAS Number 7696-12-0)	0.2%
Phenothrin (CAS Number 26002-80-2)	0.2%
Other Ingredients	99.6%
Total	100.0%

Keep Out of Reach of Children

CAUTION

See back [side] panel for additional precautionary statements

{Logo}

Contains no CFCs or other ozone depleting substances.
Federal regulations prohibit CFC propellants in aerosols.

Net Weight ____ ounces

{Back/Side Panel}

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing vapors or spray mist and contact with skin. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

First Aid

Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also call {toll free number} for emergency medical treatment information.]	
If Swallowed:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

{Note: The grid format will be used if market space allows; otherwise a paragraph format will be used.}

Environmental Hazards

Do not apply directly to water. Do not contaminate water when disposing of equipment washwater or rinsate.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Before Use. Hold Container Upright. Apply in Short Bursts**Indoors**

Do not use in commercial food processing, storage, preparation or serving areas. In the home, cover or remove all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food. Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried.

To Kill Flies, Mosquitoes, Small Flying Moths, Gnats and Wasps: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying then thoroughly ventilate room before re-entry. Sweep up and discard fallen insects.

To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harbouring these pests. Pay special attention to cracks; hidden surfaces under sinks, behind stoves and refrigerators; food storage areas; and wherever these pests are suspected of hiding. To kill ants, treat trails, doors, around window frames and other areas of entry. Repeat weekly or as reinfestation warrants.

To Kill Carpet Beetles: Directly spray as many insects as possible. Thoroughly spray both interior and exterior of upholstered furniture; and both top and bottom of rugs and carpets. Also treat shelves, closets, areas under furniture and wherever these insects are seen or suspected. Repeat monthly or as reinfestation warrants.

To Kill Exposed Forms of Confused Flour Beetles, Sawtoothed Grain Beetles and Rice Weevils: Remove and destroy infested package goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. After shelves have dried, place clean paper on the shelves and return packages. Repeat monthly or as reinfestation warrants.

To Kill Sowbugs, Earwigs, Centipedes, Firebrats and Spiders: Contact as many insects as possible with the spray. Thoroughly spray all parts of the room suspected of harbouring these pests. Pay special attention to cracks, crevices, hidden surfaces under sinks, and behind stoves and refrigerators.

To Kill Fleas and Brown Dog Ticks: Remove and discard or wash old pet bedding. Spray pets' sleeping quarters and around baseboards, windows, door frames, wall cracks and local areas of floors. Repeat weekly or as reinfestation warrants. **Do not spray animals.** Put fresh bedding in pet quarters after spray has dried. Simultaneously treat dogs and cats with a product registered for flea and tick control on pets before allowing pets to enter treated areas.

To Kill Pests on House Plants: Kills Ants, Aphids, Young Caterpillars, Leafhoppers, Spiders, Whiteflies, Mealybugs, Spidermites, Lacebugs and Japanese Beetles on house plants such as Ivy, African Violets, Impatiens, Geraniums and Begonias. Hold container 18-24 inches from plants being sprayed. Cover upper and lower surfaces of leaves. Avoid wetting foliage with spray. Use short bursts of one second for spot application on new growth. Use with caution on young plants and new growth.

Outdoors

To Reduce Annoyances of Houseflies, Mosquitoes, Gnats and Flying Moths: Spray areas infested with these flying insects. Hold container 18-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated areas. To reduce annoyance from these pests, treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated areas. Repeat every other week or as reinfestation warrants.

To Kill Ornamental Plant Pests Listed Below: General: When sprayed directly on insects this spray will kill the insects listed. Use caution when spraying new tender growth or young plants. **When spraying, hold can 18-24 inches from plant.** For best results, spray in the evening or on a cloudy day when air is still. Lightly mist the plants using a slow sweeping motion. Avoid wetting foliage with spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat every other week or as reinfestation warrants. Do not spray when temperatures exceed 90°F.

Spray Chart

Insect	Plant
Eastern Tent Caterpillar	Ornamental Cherry
Aphid	Spires, Roses, Crape Myrtle
Cankerworm	Ornamental Crabapple
Lacebugs	Andromeda, Azalea
Spider Mites	Rose
