**Subject: Expedited Label Review
Personal Insect Repellent II, EPA Reg. No. 46813-22
Your E-mail Submission Dated January 9, 2008**

Dear Mr. Horne:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable.

K-G Packaging, Inc. should note that a notice of availability of EPA's RED for products containing MGK® 264 was published in the *Federal Register* on July 26, 2006 (Volume 71, Number 143, Pages 42381-42383). As a result, additional data and/or labeling changes may be required for products containing MGK® 264.

K-G Packaging, Inc. should also note that the Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

A copy of your label for this product stamped "Accepted" is enclosed for your records. If you have any questions, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Richard J. Gebken
Product Manager (10)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read and Follow All Directions and Precautions on this Product Label

- Apply this product only as specified on this label.
- **DO NOT** spray in enclosed areas. Avoid breathing a spray product, and **DO NOT** use it near food.
- Repellents should be applied only to exposed skin and/or clothing (as directed on this product label). **DO NOT** under clothing.
- Never use repellents over cuts, wounds or irritated skin. Use just enough of this product to cover exposed skin and/or clothing. Avoid overexposure. Heavy application and saturation is unnecessary for effectiveness. If biting insects do not respond to a thin film of repellent, apply a bit more.
- **DO NOT** apply near eyes and mouth, and apply sparingly around ears. When using sprays, do not spray directly into face; spray on hands first and then apply to face.
- **DO NOT** allow children to handle this product, and **DO NOT** apply to children's hands. When using on children, apply product to your own hands and then put it on the child. **DO NOT** use on infants.
- Instruct older children in the proper use of this product.
- **DO NOT** apply more than 3 times per day to children ages twelve (12) and under.
- After returning indoors, wash treated skin with soap and water or bathe. This is particularly important when repellents are used repeatedly in a day or on consecutive days.
- Wash treated clothing before wearing it again.

- **DO NOT** apply on or near acetate, rayon, Spandex or other synthetic fabrics, nylon furniture, plastics (such as eyeglasses and watch crystals), leather and painted or varnished surfaces (including automobiles).
- Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you."

To Repel the Listed Insects

[First, remove protective cap.] Hold can at least 12 inches away, point valve in desired direction and press button to spray. Apply to clothing and all exposed skin areas. For ticks and chiggers, apply to shoe tops, socks and around openings in clothing.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal. **Pesticide Storage:** Store this product dry in a cool, dry (preferably locked) area away from heat or open flame. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Causes substantial but temporary eye injury. Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Do not get in eyes. Do not apply to children's hands. Do not use on infants. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

First Aid

If Swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-xxx-xxxx or the National Pesticide Information Center at 1-800-858-7378.¹</p>	

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

In case of medical emergencies or health & safety inquiries, or in case of fire, leaking or damaged containers, information may be obtained by calling 1-800-phone number. For product information call toll-free: 1-800-phone number. Questions? Call [1-800-phone number.]

¹ {Please note that the "1-800-xxx-xxxx" number listed must be available twenty-four (24) hours per day, seven (7) days per week for answering and responding to any medical emergencies or health concerns.}
